BE A PART OF (INSTEAD OF APART FROM)

So now you've got a good overview. If you are like most of us, you might find this information helpful on your journey in discovering the rewarding joy of A.A. service work. Remember that we are all learning as we go along in our various positions. Read A.A. service materials, talk to others, maybe even get a *service sponsor*. Try to select whom you know is familiar with the structure and process of Alcoholics Anonymous. A Service Sponsor can be an invaluable tool in your service work much like a regular sponsor helping you to stay sober.

You never have to be alone again when you join with the many members who have found contented sobriety in service work. Service workers provide something far more valuable than the donation in the basket—they give of themselves to get the work done that makes it all go! And just about the time when you finally feel proficient in your position, your term will be up. You'll rotate so it stays fresh for you and gives someone else a chance to do what you just did. And so it starts all over again. But don't forget—our very survival requires that we must carry the message to the alcoholic who still suffers and that can sometimes mean there is a lot to be done. We need you. Keep coming back!
