Have You Seen?

The Groomers Edge

(A clipper blade sharpening service)

Did You Know?

- ➡ Your clipper blade can be sharpened 7 – 10 times
- ➡ A sharpened clipper blade is sharper than a new one
- ➡ A professional clipper blade sharpener puts a hollow edge on your blades

[Sharpening for Groomers since 1996!](http://www.clipperbladesharpener.net)

WWW.CLIPPERBLADESHARPENING.NET

Do you know anything about the equipment that your current *Clipper Blade Sharpener* is using to sharpen your expensive clipper blades?

We use top of the line aluminum alloy honing disk. Our disk has a 3.5" outer honing band that gives a consistent hone to your blades. *Your clipper blades must also be hollow ground.* Most sharpeners eyeball your blades to see if they are sharp. *We use a hollow ground test plate* to make sure your blades are sharpened with the proper hollow ground.

Testimonials

*"I wanted you to know my wife started cutting the dogs today. She said the clipper blades are sharper than the guy we used to use, so she is very happy with the job you did."
Thank you,
Adkins*

"We got them and used the clipper blades and clippers. They work very well. Good job!"
