

GREATER PHILADELPHIA CHORALE

CHORAL CLINIC EVALUATION AND SUGGESTIONS

We are asking each member to take a moment and give some feedback on the Choral Clinic enterprise by answering a few questions and by making suggestions you may have for future such endeavors.

1. What did you like most about the Clinics?
2. What did you like the least about the Clinics?
3. If we do this again should there be more, fewer or about the same amount?
4. When is the best time for the clinics? (weekly, every other week, monthly)
5. What type of music would you like to learn?
6. Any other suggestions/comments?

You can fill out the form electronically and send it back to me or return at our first rehearsal.

Thanks to all the participants.
