So after a change in our board members at State Indoor where I became your SDAA President , I find myself writing my first message for the SDAA newsletter. As we head into summer and the outdoor season I think we all have the same thing on our minds. When is the rain going to stop? With State 3D in Mitchell just around the corner hopefully the rain will have let up by then , but if it hasn't bring your rain gear and still have a good time. A few weeks after 3D we will be in Sioux Falls for State Field where I am sure will be a good turnout as Minnehaha puts in the time to make it a great shoot.

If you didn't make it to State Indoor you may not know that Keith Hofer has volunteered to keep our website (sdarchers.com) updated and Tim Audus has started a Facebook page (South Dakota Archers) to keep everyone updated on shoots and other archery info that we all may be interested in. If you have a shoot that should be on the calendar let me know and I can tell them or contact them directly. Our goal is to enjoy archery and help our association grow by getting information on shoots posted and to our members but if we don't know about them we can't get it online.

Before I moved to South Dakota from Florida in 2011 to work for the NFAA I had already learned that the archery community is one big family. When I arrived in South Dakota I was accepted right into the SDAA family and as family we are there for each other. If you have questions , suggestions, or info on archery events talk to your board members at the up coming tournaments or contact us by email or phone thats what we are here for. Hope to see everyone that is able to attend the upcoming tournaments.

Bill Hewes

FROM YOUR NFAA DIRECTOR

Lets show he rest of the country what great shooters we have here in SD ! The National Field Championsips are being held in Yankton July 26th thru the 28th. The IFAA World Bowhunter Championship is being held in Yankton on Sept 9th thru the15th. If you haven't been to the Center in Yankton, your missing a great facility! Come on out and join the fun!

Clubs are reminded that your inspections for your outdoor and 3 D ranges must have a map sent along with the inspection form. These maps don't have to be elaborate and can be hand drawn. Clubhouses should have their 911 address posted in case a non-member has to place a call for help in an emergency.

May all your arrows find their mark, Tim
