Nu Skin Clear Action™ Acne Medication System

Whether you experience breakouts now or have in the past, you may find your skin doesn't look as healthy or vibrant as before. Nu Skin Clear Action™ Acne Medication System is a gentle but effective treatment system designed to help clear the blemishes you have now, fade the signs of past breakouts, and, most importantly, keep skin clear and vibrant for the future.

Nu Skin Clear Action™ Acne Medication Foaming Cleanser

Cleanses deep into your pores. Nu Skin Clear Action™ Acne Medication Foaming Cleanser is formulated to disrupt the breakout causing union of oil and debris. You know it's working as the foam bubbles and changes from white to clear. Featuring salicylic acid to clear pores and reduce most breakouts, this cleanser leaves your skin fresh and clean without feeling tight or dry.

Nu Skin Clear Action™ Acne Medication Toner

Keeps your complexion calm and shine free. Nu Skin Clear Action™ Acne Medication Toner calms angry red skin and manages present oil levels, promoting a shin-free clear complexion. Licorice extract soothes irritated skin while zinc PCA helps control sebum levels. Potassium ascorbyl tocopheryl phosphate (a special blend of vitamins C and E) replenishes the natural antioxidant supply that is lost when your skin is fighting breakouts.

Nu Skin Clear Action™ Acne Medication Day Treatment

Treats and protects your complexion. Nu Skin Clear Action™ Acne Medication Day Treatment helps improve breakouts and associated signs caused by the internal and external stresses of life. Contains hexapeptide-2, which has been shown to help reduce the potential development of dark spots. White tea extract is a powerful antioxidant that protects and helps restore your skin's natural resiliency to keep it looking healthy. Salicylic acid clears pores to reduce most breakouts.

Nu Skin Clear Action™ Acne Medication Night Treatment

Helps you wake up to healthier looking skin. Nu Skin Clear Action™ Acne Medication Night Treatment erases the signs of breakouts while you sleep. Retinol and patented alpha lipoic acid work to diminish the appearance of remnant marks (uneven skin texture and discoloration) associated with past breakouts for a smooth, clear, evenly toned complexion while salicylic acid clears pores.

Item: # 01110391 Size 4 Clear Action Products Retail Price: \$94.10
