

**Alex J. Autry Jr.**

Mr. Alex Autry is with the Department of the Air Force at Wright-Patterson Air Force Base, Ohio. He is Assistant Director and Chief of Instructional Quality for the Air Technology Network Program Management Office (ATN PMO), an organization within Air University, Air Education & Training Command. The ATN PMO provides satellite programming to military personnel and government employees across the Department of Defense.

As a certified distance learning evaluator, Alex ensures programming meets organizational effectiveness and instructional quality standards. He is also the Medical Interagency Satellite Training Program Manager, providing satellite distance learning broadcasts to Department of Defense medical healthcare community. The program provides medical professionals with Continuous Medical Education credits and Continuous Education Units.

Prior to his joining the ATN PMO in 2009, Alex served on active duty with the Air Force for over 27 years. He was a Senior Training Manager for the Air Force's Healthcare Management career field. He managed training requirements for an enterprise resource planning initiative; and he managed the deployment of the Aerospace Information Management System software application to leverage operational capabilities and data access throughout the medical service's enterprise.

After his retirement from active duty, Alex continued to serve the Air Force as a commercial contractor, providing performance consulting and management of multiple projects. He was the Project Manager for the Air Force Material Command Supply Chain Management courseware and legacy training portfolio, and supported the Command's Immersion Education Program. He performed as a training consultant on future Air Force educational and training requirements associated with Expeditionary Logistics for the 21<sup>st</sup> Century Campaign, specifically with the Expeditionary Combat Support System and the Global Logistics Support Command transformation initiatives.

Alex earned a Bachelor of Science in Psychology from the University of Maryland and holds a Master of Education in Curriculum and Instruction from South Dakota State University. He also holds a professional certification in Instructional Systems Development from the University of Maryland.

Alex and his wife Carol have been married for 28 years and have 3 children. Alex enjoys family time and being actively involved in his church's outreach ministries. His hobbies are golfing and playing volleyball.
