

“He removes every branch in me that bears no fruit. Every branch that bears fruit, he prunes to make it bear more fruit...abide in me as I abide in you.” --John 15:2, 4a

It has been an interesting sight to watch the progress on the church roof over the past couple weeks. I didn't know what to expect to see (see photo below). From what I understand, it is the first total re-roofing since at least sometime in the 1980's. There are several interesting elements that have come to light. Some of them are elements that had nearly been lost to memory and time. One example of this is the turnbuckles located on the roof that were meant to be periodically tightened to take up the “give” that develops in a roof over time (for those interested, Judson Drake has insight into how and why our church and parsonage were constructed the way they are). Some elements are being restored such as the drip pans above where the roof meets the main tower to keep most of the water away from the tower itself. Some elements needed a good clearing out, including places where up to five layers of roofing had been layered one on top of another over the years. You can imagine a wall in your home with layers of paint and wallpaper and what happens when one of the underneath layers begins to warp or peel away. Some elements are being repaired, replaced and re-nailed. Some elements are being upgraded including the installation of ice and water shield on the roofs and attic fans to vent out warm air that contributes to a “hot roof” (which both leads to large amounts of ice and shortens the life of the roof). Most of the materials themselves are designed to last 40-50 years or more while the copper should last with regular maintenance over a century. The result is that the church should receive in the long run very good value for its money. The workers have been amazing to watch as they nimbly move from spot to spot with seemingly not a care about the height...something that would surely catch my attention! At any rate, it is taking a lot of foresight, coordination and skill to see this project through.

How about your relationship with God? Has time obscured or hidden some of the best parts of your faith? Are there key elements of your faith that have atrophied or become dormant with disuse or neglect?...time for prayer, perhaps, or regular reading of scripture or spiritual reading....time for worship, time to serve or advocate for others? Are there places where you have accumulated layers of worry, cares, life events or business that have contributed to not seeing God's active role in your life, even to questioning if God still cares about you or your situation? Where could your life use a good housecleaning? I realized two years ago that I had taken on too many commitments in total at all levels of our denomination and have unwound myself from several of those areas that neither played to my strengths nor allowed for the most central ministry that I do. What in your life needs repair, replaced or even thrown out? What in your life needs a long-term investment, even if it costs more in the short-run? In what areas could you use a skilled person with which to talk, assess and help point you in a helpful direction? For spiritual matters, the church—both through myself and resources in the district, conference and beyond—has much to offer. Particular needs may require other skilled persons. Where do you need to prune? What personal spiritual restoration or repair project do you need to undertake? As you consider that project, remember that God is one who takes on many restoration projects (all of us) and has promised to always do so.

Grace and peace,
Rev. Tim

Greetings from the Church Office!

I ask that each of you pray for our sister in Christ, Kathleen Forbes. Kathie is currently hospitalized and is awaiting a diagnosis to determine her course of treatment. Please send her cards of encouragement (mail to her home - 953 Fort Fairfield Road, Caribou)!

For any committee/group who is sponsoring an event that should be posted on the outside sign, it would be very helpful if you would provide the wording and the dates you want the message posted.

Please help me by meeting deadlines for submitting things for the Newsletter. It is difficult to "pull it all together" at the last minute and create a quality product. **For August, that deadline is Friday, August 23rd at 10:00am!**

Until next month.....

New Study for 2019-2020

Still room for additional people!

Companions in Christ offers small groups a powerfully transforming experience in spiritual formation. All resources in the series explore classic spiritual practices (ways of reading scripture, forms of prayer, exploring spiritual journey, responding to God's call and spiritual guidance) and invite participants to develop daily patterns that open their lives to a deepening relationship with God and one another. The beginning point is the foundational course that runs 28 weeks plus a closing event. The course will begin in late September with each session lasting two hours. **The course will be limited to 9 people.** The course will be scheduled at a time advantageous for the most people. Because relationships in this class are particularly important, participants should anticipate missing 5 or fewer sessions for reasons other than holiday weeks or illness. Contact Rev. Tim if you are interested in participating and he can provide more details.

The Worship Committee is planning another "Outdoor Worship Service" at Collins Pond Park this year! Let's pray the weather cooperates again this year!

Date: August 18th; Rain-date: August 25th!

Bring a lawn chair and come and enjoy this wonderful space!

Note: No Coffee Fellowship on the day of the Outdoor Service!

Dan Schall will be here on Sunday, September 8th for our Worship Service at 10am!

The Finance/Stewardship Committee is sponsoring a bean & hot dog meal for the City of Caribou's Kids' Marathon on Saturday, September 14th at the Recreation Center. We will be seeking help with food preparation and serving. More details in the coming weeks and in next month's Newsletter!
