## SENSI CRÈME

skin tonic  
This unique cream is used to condition and coach very sensitive skin types to accept and respond (positively) to the other Annique moisturising, cleansing and nourishing products.

### step-by-step to a better skin

Recondition your sensitive or allergic skin with Annique Sensi Crème to accept your daily skin care routine.

**Step 1:**  
Use the Sensi Crème as a cleanser (evenings); moisturiser (evenings and mornings) for 10 – 14 days.

**Step 2:**  
Replace the Sensi Crème in your skincare routine every 10 – 14 days with ONE other Annique product. Start with the Cleanser for Normal and move on to Skin Detox and the Annique pH Balancing Freshener.

**Step 3:**  
After another 10 – 14 days add the Annique Crème de Nuit to nourish the skin. Do not stop using the Sensi Crème as a moisturiser during the mornings and evenings.

**Step 4:**  
After another 10 – 14 days add the Annique Revitalising Cream if rejuvenation is required. You can keep doing this until the Sensi Crème has been replaced by a daily Annique skin care product regime.

## CUSTOMER TESTIMONIALS

"After my sickbed, Sensi Crème did wonders for my tired, dull looking skin"

"During my pregnancy Sensi Crème was my saviour from those hormonal skin changes"

"Sensi Crème is the first product I recommend to all my new customers"

"My ethnic customers will only use Sensi Crème"

"Sensi is part of my weekly hair treatment for dry ends"

"I will not go on holiday without my Sensi Crème"

"Sensi Crème gave me the confidence to recommend Annique to new customers"

# SUPER-booster

– Combining the super powers of Super Rooibos<sup>6</sup> antioxidants with international immune boosting herbs, gives you the ultimate protection against winter infection.

### How to benefit from Super Rooibos<sup>6</sup>

One capsule provides the antioxidants of 6 cups of Rooibos tea.

Research shows 6-cups of Rooibos could be:

- anti-carcenogenic
- anti-ageing
- heart health boosting

Rooibos also has 6 other benefits:

- anti-spasmodic
- anti-allergic
- anti-viral
- anti-bacterial
- calming & soothing

### Recent research:

Research by Dr Marnevic, Cape Peninsula University of Technology – shows 6 cups of Rooibos tea protects against oxidative stress and inflammation associated with the development of heart disease.
