Hi Drew-

I will discuss with Beth and set up something. We have several classes that I think would benefit greatly from a visit. Enjoy the move-in at Riddle! You will see Mariah there as she is the "O-Team " Capt.

Talk to you soon-

Ellen

Hi Ellen, Beth:

I spoke to Charlie Reinholtz from Embry-Riddle's Mechanical Engineering department, and he is definitely interested in coming up to speak to some of your math and/or physics classes in November. How does a day during the week of November 11<sup>th</sup> look for you? Monday the 11<sup>th</sup> is the Veterans day holiday, but perhaps we could make it for Tuesday the 12<sup>th</sup> or another day that week?

Let me know what would work on your end and I'll run it by Dr.Reinholtz.

Hope your year is off to a good start!

Drew
