

Why We Love Our Catholic Schools...

"It is truly evident that the administration and staff are committed to the best faith education of our children and have the family environment that is important."

"Our son loves his new school. We cannot believe the change in him; his confidence level is amazing!"

"From the moment we walked through the doors, we felt a very welcoming spirit from all the students and staff. There are so many great things happening in this small school that it was an easy decision to send our children here!"

"To see how faith knowledge and the academic curriculum align and progress over the years is amazing! I can't imagine my child's development without those essential components."

"What drew us to the school and continues to impress us, is the positive, warm, small-town culture of the Catholic schools in Bismarck."

"What I love about working here is the sense of family. Everyone is here to serve others, and that makes it such a positive, enriching place to be."

"I can't say enough about this wonderful school. God is very present in every aspect of this school: in every teacher, staff member and student. There is never a day that passes that I don't feel so blessed to be able to send our daughter to this beautiful place."

"My daughter gets to sing songs in music about Christ; attend weekly Mass with her classmates; and be surrounded by faculty and staff who care deeply about her intellectual, physical, emotional, and spiritual well-being. They want her to know about God's unconditional love! That is priceless!!"

"We knew the school would provide us with academic excellence and strong Catholic values, but we didn't anticipate the richness of the experience for our family. As a parent, we find the school has an open atmosphere and always welcoming us to be a part of what is happening in whatever way matches our family's strength and talents."
