To Whom It May Concern,

I am writing to recommend the services of JustinAnimation. I personally worked with JustinAnimation to create a mascot and informative video to represent TIAA. I was thoroughly satisfied with the professionalism, enthusiasm and creativity put forth by Justin.

JustinAnimatin was able to fill many different roles for this project such as 3D animation, voice recording and even act as our mascot at trade shows. The multiple expertise JustinAnimation offered to our project really made it an excellent job.

I am happy to recommend the services of JustinAnimation. If you have any questions, feel free to contact me.
