Inter-Club Level 1 Course Prerequisite: General Coaching Principles Course

Becoming an accredited coach:

The Beginning Coaching General Principles course is the first step towards your Taekwondo Australia Level 1 Inter-state Coach accreditation.

Introduction:

The Australian Sports Commission has released a new online course for beginner coaches. The *Beginning Coaching General Principles* online course has been developed to assist coaches to learn the basic skills of coaching. The online course is available free of charge to Australian coaches (must have an Australian postal address). This is due to a subsidy provided by the Australian Sports Commission to help National Sporting Organisations, as an initiative to encourage beginner coaches to undertake training. A major benefit of the online course is that coaches can complete it in their own time, from the comfort of their home.

Course Program Includes:

- Role of the Coach
- Planning and Reviewing
- Safe Environments
- Coach in Action

Course Information:

The course takes approximately 6 hours to complete, and there is assessment included within the course.

How to access the course:

The *Beginning Coaching General Principles* online course is available from the Australian Sports Commission's online learning portal at
