

Eco Fire Blanket

ZING 7230

ZING® Eco Fire Blanket and Hanging Tote is made from 100% recycled materials. Over- sized blanket measures 5'x8' and is made from non-woven 100% post-industrial recycled fabric and can be used to smother flames and cover injured victims.

Blanket is fire resistant and will not lose its FR (flame resistant) properties even after laundering. Tote Cover is 100% post-consumer PET canvas and fabric coating is PVC free. Tote is water resistance with high quality sewing and grommets to hang from walls or vehicles for emergency situations and measures 23"H x 22"W x 6"D.

Blanket and Tote is ideal for First Aid Stations, Disaster Kits, Schools, Offices, Police Cars, Rescue Vehicles and more.
