

North Beach Bar and Grill

Thank you for your interest in the North Beach Bar and Grill (NBBG) and our ability to host your function. Be assured we will do all within our power to ensure that your event is as you envision. The information included herein will give you the facts needed to determine whether NBBG is the venue for your event. We suggest you visit both our website at northbeachbarandgrill.net and our FaceBook page for a better understanding of all we have to offer at the North Beach Bar and Grill on Tybee Island, Georgia.

The process of contracting an event at NBBG is straightforward. Your choices are to rent the entire restaurant (to be considered for parties of 70 or more) or portions of the facility (parties of 60 or less) or to have NBBG cater your event at another island venue. Most individuals choose the Grill for its unique atmosphere and the quality of our product. Beach front casualness with a Caribbean vibe and an eclectic menu that has been lauded for the past twenty years is who we are. Both hors d'oeuvres and dinner menus are included from which you may personalize your menu for your occasion. A buffet styled event is chosen by most patrons to maintain the casualness of their event and to maximize variety. However, we do have the ability to present the more formal seated style of dining. The Grill can also easily incorporate itself into any offsite event you may have planned. For offsite events, we can provide full service with delivery and wait staff or you can pick up your order. Drop off deliveries are not available.

To begin the process, the date and time of your event carry the most importance. The NBBG's calendar fills in quickly, and the sooner a definitive date can be submitted, the better. Following the date and time confirmation you will begin working with a member of the NBBG staff on your menu and bar and the other specifics that pertain to your event. Below are listed facts and figures that will further aid you in deciding to use NBBG as the venue for your event:
