Website:

Website is back up and running! Thanks Dwayne!!

Luke Ross Slideshow:

Luke is interested in doing that and Jason maybe could get the theater at his school. Planning is still in the works!

Devils Tower:

Got clearance to use power drills to replace bolts. Each route will need an application. Take photo of existing anchor, submit resume including your bolting experience, stainless steel, minimum 3 inches, must be removable, 3/8 minimum (suggesting 1/2), must be camouflaged. The Tower will have people at the next meeting to talk about requirements, answer questions, and sort out issues.

Spring Bouldering Gathering (informal competition):

Thinking of doing a bouldering event in the Spring to get everyone together and have some fun! Hirsch, Stetzer, and Ross will organize. Looking at the first or second weekend in May.
