Packets for handout in August at parent meetings- we will try and get a group put together packets for hand out on August 18th to parents

Team Parents: Need to start locking in team parents for this season and volunteer parents to help with events. Need a chair to make sure this is done. Andrea suggested that maybe the coaches reach out to parents to fill this spot. They should have a distribution list of all players on their respective teams, and perhaps emphasize how important it is to the team to have a good team parent - for communication and to provide support for the team. We can discuss with Jon & Kendra at the July meeting. Would be nice to have team parent attend meetings.
