'Talking Trash'

Now that the city is no longer sweeps our streets on a regular basis, it is very important that we all do what we can to help keep our neighborhood clean. If everyone would take just a few minutes each day to pick up trash in front of their house or apartment and sweep the gutters in front of their house once a week we would see a marked improvement in the appearance of our neighborhood. After all, the cleanness of our neighborhood and our properties is our responsibility and no one else's.
