Youth in Philanthropy...

Youth in Philanthropy is a program designed to introduce local high school students to philanthropy and community development. The program provides hands-on experience that benefits both the participating grade 10 Carberry Collegiate students and local charities.

The 2009-2010 Grade 10 Skills classes "A" and "B" at Carberry Collegiate participated in the 5th annual YiP program. Again, it has proved to be a very successful program with the students, as it educated them about our local community foundation and the needs of our various local organizations. Each class was given \$1,000 to allocate to an organization they felt worthy of financial support. Course teacher, Jennifer Henderson, oversaw both of the grade 10 class discussions and debates.

After reviewing the financial requests from the various community organizations and discussing their needs and values, the class invited many community representatives to speak to them and answer questions.

After much discussion and debate, Skills Class "A" decided to grant the Carberry Children's Memorial Park Association \$1,000 to go toward building Rylin's Park.

Skills Class "B" also granted \$800 to the Carberry Children's Memorial Park Association to go toward building Rylin's Park and the remaining \$200 to Carberry Ag. Society to help with the necessary repairs to the fair grounds.

The Foundation Board members were very pleased with both of the Grade 10 Skills Class's decision and fully support their granting. On behalf of the board of the Carberry and Area Community Foundation, we would like to sincerely thank the Grade 10 students and Mrs. Jennifer Henderson for their participation in this Youth in Philanthropy program and look forward to continuing this again next year.

Jennifer Henderson, along with her students, indicated that the project was a great learning experience including how important it is to maintain our community as well as how much it costs to do so. The students thanked the Foundation for allowing them to be involved in such an important part of this community and for making our community a better place.

Establishing a Fund...

When establishing a fund with the Carberry and Area Community Foundation Inc. you are making a lasting commitment to the Carberry and area community. All donations are invested and only the interest from the donation is used for grant making. This means that your original donation will have a lasting impact on the Carberry and area community for today and the years to come.

We prefer you have \$2,500 as a minimum donation to start a fund. To start, a spokesperson for the family or an organization would need to contact the Carberry and Area Community Foundation indicating their request.

A draft *Agreement to Establish a Fund and Terms of Reference* on how such a fund shall disburse the ongoing grants will be prepared for discussion and mutual written approval of both the donating party and the Carberry and Area Community Foundation.

The following three types of funds can be established:

- 1. *Family named and/or memorial fund:*** the family or person named shall have their name honored in perpetuity while the grant selection is left entirely to the discretion of the Carberry and Area Community Foundation.
- 2. *Field of interest fund:*** the donor designates a field of interest or purpose for future grants. The Carberry and Area Community Foundation board shall try to match up the income generated from these designated funds to grant applicants who use those funds to these specified fields of interest/purpose.
- 3. *Donor advised fund:*** the most restricted fund, as the donor will have input into the selection process for these specified grant applications. The board of directors of the Carberry and Area Community Foundation always have final approval of any and all of these grants.

Making a Donation...

Contributions may be made to the Carberry and Area Community Foundation in a variety of ways including, but not limited to, the following:

1. Gift or pledge of money

Donor of Interest...

The late, Minnie Oliver is among the Foundation's most recent substantial donor.

It is Minnie's and the families request that a fund be created from this generous donation which will help foster appreciation of our community by enriching the physical environment—welcoming innovative ideas and novel approaches. This might include flowers, shrubs, trees, installation, repair or improvement of physical structures or establishing new innovative sites.

Achieving this dream will have Minnie's pride in the legacy she left for her community felt by all.

“Good philanthropy funds innovation”.

The donations which the Foundation receives throughout the year are invested and only the interest from these investments is disbursed. These funds are disbursed to worthy non-profit organizations in the community. The main mandate of the Foundation is to preserve and advance the quality of life in the community.

The Foundation promotes development in these areas: Agriculture, Arts, Culture & Heritage, Education, Environment, Health, Recreation and Sports.

By your generous donation to the Foundation, you can create a memorial to a loved one, friend or yourself. All donations are tax deductible.

Your donation is: "A charitable gift that's never used up - that grows and continues beyond your lifetime - that makes an impact on your community every year - that meets a broad range of needs of the times."

Thank You!
