YOUTH IN PHILANTHROPY (YIP)

Youth in Philanthropy is a program designed to introduce local high school students to philanthropy and community development. The program provides hands-on experience that benefits both the participating grade 10 Carberry Collegiate students and local charities.

The 2010–2011 Grade 10 Skills classes “A” and “B” at Carberry Collegiate participated in the 7th annual YiP program. Again, it has proven to be a very successful program with the students, as it educated them about our local community foundation and the needs of our various local organizations.

Each class was given \$1,000 plus their fundraising dollars amounting to \$452.35 to allocate to an organization they felt worthy of financial support. Course teacher, Jennifer Henderson, oversaw both of the grade 10 class discussions and debates.

After reviewing the financial requests from the various community organizations and discussing their needs and values, the class invited representatives to speak to them and answer any questions they may of had.

After much discussion and debate, Skills Class “A” decided to grant the Carberry Children’s

Memorial Park Association \$800 to go toward building Rylin’s Park and \$426.17 to the Carberry Ag. Society for their grandstand repair.

Skills Class “B” also granted \$700 to the Carberry Children’s Memorial Park Association to go toward building Rylin’s Park and the remaining \$526.17 to Carberry Ag. Society for grandstand repairs and a midway at the fair.

The Foundation board members were very pleased with both of the Grade 10 Skills Class’s decision and fully support their granting. On behalf of the board of the Carberry and Area Community Foundation, we would like to sincerely thank the Grade 10 students and Mrs. Jennifer Henderson for their participation in this Youth in Philanthropy program and look forward to continuing this again next year.

Jennifer Henderson, along with her students, indicated that the project was a great learning experience including how important it is to maintain our community as well as how much it costs to do so. The students thanked the Community Foundation for allowing them to be involved in such an important part of this community and for making our community a better place.
