

# DAN ROBERTSON

Our community is family...

Leading the third generation at Robertson Produce, Dan takes seriously his commitment to this community. Dan partnered with area Ag Agencies in our surrounding parishes, to support 4-H Community Gardens in select schools. This effort was launched to expose children to the agrarian side of education and give them an opportunity to enjoy some healthy eating and to continue that lifestyle into their adult years.

Dan lends his time as a member of the ULM Facility Board and is an active member of the LA Restaurant Association. We are proud to support the LRA efforts to educate our young people about careers in all aspects of the food industry.
