December 27, 2010

Dear members of the S.C.I. East OH - Northwest PA Chapter

Thank you so much for allowing me to come to your meeting in October and letting me share the ministry of *On Target Outfitters*. There are so many young people who want to experience hunting and shooting sports but never get the opportunity to try. These same students need positive adult role models in their lives. Through your partnership with us we are able to mentor young people in life and faith, and pass on a heritage of hunting to the next generation. Your generous donation of \$1,000 will help us reach even more students in this next year with our after-school archery programs and summer day camps.

We will be having an archery tournament on January 15 for all of the students from our after-school programs this past year. It will be held at Western Reserve Middle School at 9 AM. Your chapter will be recognized as one of our target sponsors and we would love to have you come and be a part of the fun.

Thank you for partnering with us and I look forward to becoming a member of your SCI chapter. May God continue to bless each of you as you have been a blessing to us.

Sincerely,

Steve Scott
Founder & Director

Mentoring young people in sport, in life, in faith...
