

SCI Rifle Donation for LESL Youth Trapshooting Program Fundraiser

Thank you and your Chapter for the subject rifle and raffle ticket donation. It was very nice meeting you earlier this fall at our October club meeting when we held our drawing. We very much appreciate the continued support from you and SCI for this worthy program.

The raffling of the SCI donated rifle was a huge success and generated \$1,600.00 for the LESL Youth Trapshooting Program. The raffle generated a lot of positive recognition of both the LESL Youth Trapshooting Program as well as SCI. The money will be used to purchase shells and targets for the program. As discussed, the program is entering its 12th year and provides both instruction and competition to 30 youth, grades 6-12 over a 12 week period. Our team is coached and instructed by 7 volunteer NRA certified shotgun instructors/coaches. The youth shoot a combined total of over 25,000 targets each year! We are very proud of our kids and their accomplishments both on and off the trap field. We could not do this without the generous support of our Sponsors.

Thank you again.

Best Regards,
Ben Zelina
