The judges may withhold any and all awards if they do not feel the exhibits are worthy. However, if a blue ribbon is given in a class eligible for an ADS award, that award must be presented. Each stem in the exhibit receiving an ADS award must score 90 or more points according to the ADS scale. The decision of the judges is final.
8. The scale of points of the American Daffodil Society shall be the standard for judging in horticulture classes. Judges of this show may not exhibit in classes that they are assigned to judge.

Rules for Horticulture

1. The exhibitor must grow all daffodils out of doors. Miniatures may be grown in protected areas.
2. Uniform containers will be provided. Boxwood provided by the committee must be used to support and stage specimens in the containers. No daffodil foliage is permitted.
3. All entries must be labeled with variety, division and color coding. Correct classification (variety, division and color coding), according to the RHS system as printed in the latest edition of *Daffodils to Show and Grow* and Daff Seek. Labeling shall be the responsibility of the exhibitor. Exhibitors may not change labeling after the judging has begun. If an error is discovered after the judging is complete, any awards will be forfeited. Note: If judges are still available, the class may be rejudged.

4. Exhibits not named or incorrectly named will not be judged.
5. Seedlings are identified by a number designation assigned by the originator. If the exhibitor is not the originator, the originator's name must be included in the labeling.
6. Miniature daffodils named in the most recent ADS Approved List of Miniatures with any official additions thereto and any named or numbered diminutive daffodil that appears graceful with all its parts in proportion may be entered. Such entries are eligible for ADS awards in the miniature section. The judges may decline to judge an exhibit containing an unapproved miniature they consider too large for these classes.
7. All collections of 5 or more stems must be exhibited with each cultivar or species in a separate container. Each stem must be correctly labeled with name, RHS division and color code.
8. Entries may be moved and classes subdivided at the discretion of the show committee.
9. Winners of the Historic single stem, vase of 3, and collection of 5 are eligible for consideration for the Gold, White and Purple ribbons, in which case they are to be judged on the cultivar scale.
