

Members of the Society of St. Vincent de Paul are parishioners like yourselves who strive to grow closer to Christ by offering person-to-person service to families and individuals in distress due to unemployment, illness, physical / emotional disability and old age. They are volunteers who issue food vouchers, sort, pack and distribute canned goods and other non-perishables, lend a compassionate ear, encourage the lonely and fearful, and sponsor summer camps for underprivileged kids. An essential aspect of their apostolate is to empower their clients to work towards self-sufficiency. If you have love in your heart and the time and commitment to help the needy in our community, please call SVDP Vice-President, Alice Mascarenhas, at 905-671-8382 to speak with her about becoming a member.
