| Ramp Area | | Turn 4 | |

Race Course: 4 miles

The State of Michigan Helmet Law

Michigan law now allows motorcyclists to decide for themselves, if certain conditions are met, whether or not to wear a helmet.

To legally not wear a helmet, a motorcycle operator must:

- Be at least 21 years old.
- Have at least \$20,000 in first-party medical benefits.
- Have held a motorcycle endorsement for at least two years, or have passed an approved motorcycle safety course.

The law also allows for motorcycle passengers to not wear a helmet. Passengers also may not wear a helmet as long as they:

- Are at least 21 years old.
- Have at least \$20,000 in first-party medical benefits insurance in addition to the insurance that is required of the motorcycle operator.

A person younger than 21 years old still must wear a helmet approved by the U.S. Department of Transportation when operating or riding on a motorcycle. The requirement that an individual younger than 19 years old must wear a helmet if operating a moped on a public roadway is unchanged.
