The projects where our volunteers are working now are focusing on:

- providing vocational education especially for women and young people, linking learning to earning
- securing education for children and youth in fragile environments and in emergencies
- providing safe and environmentally friendly learning environments
- leading innovative solutions to develop quality education systems for better learning results
- focusing on building the capacity of local teaching staff

Teachers without Borders - from idea to network of possibilities

- Steering committee members:
Trade Union of Education OAJ (chair), National Board of Education, Ministry of Foreign Affairs, Ministry of Education and Culture, Kansainvälisen liikkuvuuden Keskus CIMO, Universities of Helsinki and Oulu, Kepa and Kehys, the national NGO platforms, Two members of parliament from the committee.
- Finn Church Aid as secretariat and coordinates the work
- Now 1200 registered members

“The only thing we want is for our children to learn. I am not educated and this makes me vulnerable. We do not want them to be vulnerable like us.”
