WE HAVE THE STATUE OF LIBERTY, NOT THE STATUE OF EQUALITY

CHARLES KRAUTHAMMER JUST ISSUED A STATEMENT. HE IS ON HIS DEATH BED DYING OF CANCER AND HE TAKES THE TIME TO ISSUE THIS STATEMENT:

I do not understand how living in a country with its democracy established over 200 years ago, and now, for the first time in history, suddenly we have one of our former presidents set up a group called "Organizing for Action" (OFA).

OFA is 30,000+ strong and working to disrupt everything that our current president's administration is trying to do. This organization goes against our Democracy, and it is an operation that will destroy our way of governing. It goes against our Constitution, our laws, and the processes established over 200 years ago. If it is allowed to proceed then we will be living in chaos very much like third world countries are run. What good is it to have an established government if it is not going to be respected and allowed to follow our laws?

If you had an army some 30,000 strong and a court system stacked over the decades with judges who would allow you to break the laws, how much damage could you do to a country? We are about to find out in America!

Our ex-president said he was going to stay involved through community organizing and speak out on the issues and that appears to be one post-administration promise he intends to keep. He has moved many of his administration's top dogs over to Organizing for Action.

OFA is behind the strategic and tactical implementation of the resistance to the Trump Administration that we are seeing across America, and politically active courts are providing the leverage for this revolution.

OFA is dedicated to organizing communities for "progressive" change. Its issues are gun control, socialist healthcare, abortion, sexual equality, climate change, and of course, immigration reform.

OFA members were propped up by the ex-president's message from the shadows: "Organizing is the building block of everything great we have accomplished. Organizers around the country are fighting for change in their communities and OFA is one of the groups on the front lines. Commit to this work in 2017 and beyond."

OFA's website says it obtained its "digital" assets from the ex-president's re-election effort and that he inspired the

movement. In short, it is the shadow government organization aimed at resisting and tearing down the Constitutional Republic we know as AMERICA ...

RIP

Paul Sperry, writing for the New York Post, says, "The OFA will fight President Donald Trump at every turn of his presidency and the ex-president will command them from a bunker less than two miles from the White House."

Sperry writes that, "The ex-president is setting up a shadow government to sabotage the Trump administration through a network of non-profits led by OFA, which is growing its war chest (more than \$40 million) and has some 250 offices nationwide. The OFA IRS filings, according to Sperry, indicate that the OFA has 32,525 (and growing) volunteers nationwide. The ex-president and his wife will oversee the operation from their home / office in Washington DC.

Think about how this works. For example: Trump issues an immigration executive order; the OFA signals for protests and statements from pro-immigrant groups; the ACLU lawyers file lawsuits in jurisdictions where activist judges obstruct the laws; volunteers are called to protest at airports and Congressional town hall meetings; the leftist media springs to action in support of these activities; the twitter sphere lights up with social media; and violence follows. All of this happens from the ex-president's signal that he is heartened by the protests...

If Barack Obama did not do enough to destroy this country in the 8 years he was in office, it appears his future plans are to destroy the foundation on which this country has operated on for the last 241 years.

If this does not scare you, then we are in worse trouble than you know.

So, do your part.

You have read it, so at least pass this on so others will know what we are up against.

We are losing our country and we are so compliant.

We are becoming a "PERFECT TARGET" for our enemy!

Governor Ivey visits the Republican Women of Trussville

TRUSSVILLE – The Republican Women of Trussville (RWOT) held their monthly meeting on Thursday evening, May 3, at the Three Earred Rabbit in Trussville.

Gov. Kay Ivey, guest speaker, mingled with the group before addressing key topics in this year’s campaign.

The governor began her speech by thanking the RWOT for the opportunity to speak.

“While I have spoken to y’all in the past,” said the Gov. Ivey. “This is my first time to get to stand with you as your 54th Governor of the great State of Alabama.”

The topic then switched to her transition

following the resignation of former Gov. Robert Bentley on April 10, 2017.

“It was a very dark time in our state’s history when I became governor,” said Gov. Ivey. “Unemployment was high and moral was low. There was no leadership going on in the state. Where many people have three months to transition, I had three hours. Long story short, we steadied the ship.”

The topic then switched to Alabama’s progress during her tenure.

“Alabama is working y’all,” said Gov. Ivey. “I mean really working. We have more people working than ever before, the lowest unemployment rate in the state’s history, attracted \$6 billion dollars in new investments and creating 13,000 more new jobs. All of this is just from April 2017.”

Education was a key part of the governor’s speech.

“I have also become known as the governor who has focused on education,” said Ivey. “In order for us to attract high quality jobs that pay good wages, we need to improve our educational process.”

Gov. Ivey spoke about the “Strong Start, Strong Finish” education initiative. This initiative will focus on three stages of education: early childhood education, computer science in middle and high school, and workforce preparedness.

“We want to teach children how to read,” said Gov. Ivey. “The goal here is have all third graders reading, at grade level or above when they complete third grade, by the year 2022.”

“By the year 2025, my goal is to have 500,000 Alabamians, ages 24 through 64 years, holding at least a two-year degree or a post-secondary certificate, or post-secondary credential. Jobs of tomorrow are going to require more education.”

Gov. Ivey used a metaphor of this year’s governor’s election to Alabama football.

“In closing, let me just put this election in perspective,” said Ivey. “The State of Alabama is looking for a head coach. I am the only one applying for the job that has had experience coaching at this level. The State of Alabama has won every game since I have been head coach. Our great state, our team is undefeated, and we are on the pathway to prosperity.

So, I ask you this question, what search committee would ever consider someone to be a head coach that has not coached a single game at this level?”

Many key leaders in the community were also in attendance including Mayor Buddy Choat, who welcomed Gov. Ivey.

“We welcome you, Gov. Ivey, to our city,” said Choat. “Really I wanted to thank you all for what you do for our city.” Mayor Buddy Choat welcomed Clay Mayor Charles Webster, Jefferson County Sheriff Mike Hale, Alabama Rep. Danny Garrett, and Sen. Shay Shelnett.

“Today was National Day of Prayer,” said Choat. “I want you to know that there is a lot of people praying not only for me and the City of Trussville, but for all of you, what you do and your willingness to serve because it is a commitment. I thank all of you. Whether you are running or currently serving, I appreciate what you are doing.”

President's Commentary

Dear RWOT Members and Friends,

Summer is in full swing and we are wishing for cooler weather already! One hundred degrees is a bit much Mother Nature!

There has been so much happen lately that it is hard to keep up with it all. We lost Charles Krauthammer. Mueller has created a cushy job for himself and his friends. Obama is working hard at his new *Shadow* government job. Alabama is still in voting mode. AG Marshal lost his wife. Our baker is getting a reprieve as our Press Secretary is being attacked. Republican lawmaker has asked Maxine Waters to resign (I like this one!)

Well that was a lot of negative! Some positives: North Korea “seems” to have come around to peaceful thinking. We have more jobs. Supreme Court rules for crisis pregnancy centers in free speech dispute. Trump’s poll numbers are up and the Travel ban is upheld. President signed the law for not splitting up families on the border like the Liberals wanted. (But they still are not happy!) Strzok is testifying, *I think!!* AND, last but not least, Mueller is now starting the investigation on Russia?? What in the world has he been doing?

Pray for our state, country, wisdom for our President, for truth to be known and Israel. Also, please pray for our club membership, invite others. We need to grow.

God bless America!
