Did you know:

The celebration of Easter is not based on the bible but is a tradition based on ancient fertility Rites.

Hares & Rabbits are considered symbols of fertility.

The hunt for Easter eggs brought by the Easter rabbit is the vestige of a fertility rite. It is also believed the decorated egg could magically bring happiness, prosperity, health and protection.

"There is no doubt that the Church in its early days adopted the old pagan customs and gave a Christian meaning to them!"
