Here's how  
it works

**EARN an extra \$50** (per each of those new Managers!) for each month they are paid as a Manager or higher during the October through December sales months.

*\*You must also be paid as at least the Manager level to earn the bonus during any given month of the program. Those stepping up to Manager–Executive Manager during the September through November (titled October through December) sales months may also participate.*

*\*\*To count as a new Manager, Consultant must not have held the title of Manager or above since January 2015.*
