

CCVNHOA BOARD MEETING

February 8, 2011

Frank called the meeting to order at 7:10pm. In attendance were Barbara, Frank, Karen, Rick, Amber, Mary Lou, Paul, and Chris.

Alan began the meeting with an ARC request for the Smith's on S. Alton which included a new roof and new gutters. Alan will probably be approving it, but he wants a bit more time to review the material. The product looks like tiles, and is very durable.

Board members thought that the snow plowing seems to be improved in the neighborhood.

Treasurer's Report: A huge number of checks have arrived, but Karen has not had time to process them yet since she just received them. She will have full financials for March. She did mail out bills. Karen also reported that Randy Hampton had a breakin in their car and their checking account had to be changed, so they will write a new check asap.

Website update: Frank handed out all the code information for the site to Karen and Chris, and will give it to Dean at the next meeting.

Karen asked for artwork to be solicited in the newsletter. The Board also hopes to include a story about Rick's son returning from Japan in the newsletter as well as an ad. Chris suggested including a story from Rick's suggestion about returning veterans with challenges who need furniture and other supplies.

Chris will ask Gary for an update on the meeting about Village Greens Park. Mary Lou said that she had gone to a meeting and asked that the skateboard park not be put right behind her home. They agreed not to put it there. This was a couple of years ago. Chris will put date of meeting in the newsletter if time permits.

Frank shared that on Dec 15, there was an article that the state of CO had the worst internet security in the country according to the Denver Post. Frank followed up with GV City, and we were told that our security is good in the Village.

Future meetings: March 8th at the home of Amber Pleiss, April 12 at Barbara's house, May 10th at Paul's house. Mary Lou will do the July meeting, and Dean will do June and Chris will do August.

Meeting adjourned at 7:50pm.
