

Clovis West Girls Basketball

June 2, 2010

To Whom It May Concern,

I am writing this letter of recommendation on behalf of Dennis Harting. Dennis has been a member of our coaching staff at Clovis West High School for the past 5 seasons.

During this time, Dennis has held many roles and responsibilities. He has coached our Junior Varsity for four seasons as well as assisting the Varsity this past season. He also was the head 7th grade coach at Kastner Intermediate this past year. He ended up being the head 7th grade coach and also assisting Varsity because we had a coach flake out on us at the last minute and Dennis stepped up to help things go smoothly.

During the season, Dennis also helped with in-season tournament duties while also dutifully running his Junior Varsity team. Our season also includes running our Lil' Hoopsters program which incorporates over 300 girls in grades Kindergarten through 6th grade. Dennis was usually in charge of the set up for our 4th-6th graders over at our Intermediate gym.

During our off-season, Dennis would coach our 6th grade AAU team for the past 5 years during the spring and then transition into the Junior Varsity players throughout June and July. This included overnight trips, driving team vans, and morning weights/workouts.

Coach Harting is highly organized and passionate about his basketball duties. He prioritizes his schedule around all of the demands a basketball program comes with. After being around our program for five years, he understands all of the responsibilities and sacrifices that come with running a state-ranked program.

If offered the job, Coach Harting will not only pour his heart and soul into his basketball program, he will also be a constant team player and offer to help out/support other athletic programs. He frequently spent off season hours working clocks, gates, and announcing other sports at Clovis West.

If you have any questions, feel free to contact me at 448-7162.

Sincerely,

Craig Campbell
Head Coach
Clovis West Girls Basketball
