

## The Coverage You've Been Waiting For

Buyer Shield coverage starts with YOU, the Dealer. Unforeseen mechanical breakdowns happen when you buy a lot of vehicles like you do - and they are costly to you and your business. Buyer Shield provides limited powertrain coverage for 90 days or 500 miles while the vehicle is in your inventory...or any other dealer's inventory.

But that's not all! The ultimate Retail Consumer receives a NEW 90 day/3000 mile limited power train warranty if they purchase the vehicle within the first 90 days or 500 mile dealer period - at NO additional charge.

Buyer Shield adds value to the vehicle whether you retail it OR wholesale it - providing coverage, maximizing profit.

Limited Powertrain Warranty

## Minimize Risk, Maximize Profit

Buyer Shield was created first for you, the Dealer and secondly for your customer, whether retail or wholesale. When you're buying lots of vehicles for your inventory, it's inevitable that you're going to have mechanical breakdowns once in a while. Buyer Shield protects from those unforeseen breakdowns when you lose a transmission just a few days after you bought the vehicle or you didn't catch that knock in the engine. Now you don't have to swallow the big pill of replacing

an engine or a trans when it's least expected. But what's more important, **Buyer Shield helps you improve your profit by adding value for the next dealer AND the ultimate retail consumer.**

## Coverage Forwards Automatically

Every Buyer Shield policy travels with the vehicle, whether you retail it or wholesale it. Wholesale it to another dealer directly or through an auction, the coverage stays with the car and passes on to the dealer. Retail it to a consumer within the first 90 days or 500 miles and they are automatically covered with a NEW warranty for 90 days or 3000 miles from the date of retail AT NO ADDITIONAL CHARGE! Paperwork is simple and coverage is constant. Now you have a story to tell when you sell the vehicle that will allow you to maximize your profits and provide a solid, covered vehicle to your retail customers.

## Coverage Where It Counts

Buyer Shield covers the most expensive elements of most vehicles - the engine and drive train. Replacing an engine or transmission or even repairing damage can run well into the thousands of dollars for you or your customer. Examples of covered components are:

**ENGINE:** Internally lubricated parts, bearings, pistons, piston pins and rings, valves, valve springs, retainers, rocker arms. Timing gear, oil pump, valve guides, followers, valve seats, rocker bearings, camshaft, cam bearings and rocker busings. Water pump, engine mounts, engine pistons, exhaust manifold intake manifold, front, cover, harmonic balancers, flywheel flex plate. Turbo/Super Charger - all internally lubricated parts contained within the housing, plus the charger housing if damage results from the failure of an internally lubricated part.

**TRANSMISSION:** Internally lubricated parts; torque converter, pump, drums, reaction carrier, shafts, bugs, gears, shift rails and forks, internal linkage, bearings, Transmission mounts, vacuum modulator. Transmission case, housing and oil pan.

3/500 Dealer + 3/3000 Consumer

# BUYER SHIELD

Limited Powertrain Warranty

(only if damage results from the failure of an internally lubricated part).

**TRANSFER CASE:** All internally lubricated parts, plus the transfer case housing (only if damage results from the failure of an internally lubricated part).

**DRIVE AXLE ASSEMBLY (FRONT, REAR OR AWD):** All internally lubricated parts contained within the drive axle housing; hub, axle and non-servicable bearings, drive gears and clutches. Constant velocity joints, universal joints, axle shafts, drive shafts.

Plus, Buyer Shield is accepted at any repair facility that employs Certified ASE Technicians across the U.S.
