International Association of R.S. Prussia Collectors, Inc.

The first gathering of R.S. Prussia collectors was held in Indianapolis, Indiana in 1985 with 20 families present and the association was formed a year later. Now there are members from all over the world. Members truly enjoy the beauty of R.S. Prussia and the association represents collectors, dealers, historians and simply appreciators of the type of porcelain known as R.S. Prussian and related china.

The International Association of R.S. Prussia Collectors website at www.rsprussia.com represents the association well. When entering the home page, the site is easy to understand within seconds. Three important areas show up front and center - a history of R.S. Prussia, club information and news, and how to become a member. This last area is actually a printable copy of the R.S. Prussia promo brochure. The Gallery section includes some tremendous photos of R.S. Prussia pieces and the Articles section has features on a variety of topics, everything from fakes & reproductions to Prussia toothpick holders.

We like the links to members' pages and the R.S. Prussia ReMarks sections which allows members to share their "harrowing or wonderful" experiences. A listing with information on associated clubs is provided and the site has a Forum section. The annual conventions are covered, but the information is not totally up-to-date. We like the balance between general information of interest to any visitor to the site and the information provided by and for the members.

The Association of Collecting Clubs is pleased to designate the International Association of R.S. Prussia Collectors as an ACC Featured Club Website recipient.

A Message from Stanton's Auctioneers...

As another year nears an end, we would like to take this opportunity to thank everyone for working with us during 2016. Throughout the year, Stanton's found themselves working with collections in over 30 states, Canada, and internationally. During the course of the year our firm was contacted by museums, collectors, estates, trust departments, attorneys and legal representatives. Our services were used to liquidate entire collections, deaccession the holdings in museums, sell machines for collectors, permitting them to upgrade their collections, and assisting the legal institutions in settling the trusts, and living estates that they had been appointed to disperse.

Throughout the year, Stanton's also was repeatedly called to do appraisal work to establish values for collectors and clients for the purpose of insurance on their collections, replacement value due to loss, and estate value assessments.

Also, we found ourselves attending various conventions, rallies, and private showings, as well as promoting our auctions and the hobby constantly throughout the year in the industry's specialized publications. Using these publications, as well as tens of thousands of mailers sent each year, and the use of internet and social media, coupled with our experience in this field since 1954, we feel that we can supply you the best service possible when you are ready to liquidate an entire collection or individual machine.

We, at Stanton's Auctioneers & Realtors, are excited about the upcoming year. We have already begun meeting with collectors and listing their machines for our upcoming events. Some of the items pictured in this ad are already scheduled to be sold at our spring auction that will be held in Charlotte, Michigan in May of 2017. *It will be a high-grade offering of quality machines from a collection that was assembled with a "keen eye" for quality and condition.*

25th Annual Kalamazoo Airgun Show & Daisy Get Together

Article by Wesley Powers

We hope you enjoyed the holidays and are now looking forward to this year's show. Theresa and I have teamed with Dennis Baker "Baker Airguns" to co-host the show this year. After hosting the show for the last 14 years we have decided to make the 25th Annual our last show as hosts. Dennis will be solely in charge of the 26th Annual Kalamazoo Airgun Show. Theresa and I will be in charge of table reservations and Dennis will be sending out any show up dates. We hope that everyone will give Dennis the help and support that we have enjoyed. We will still be attending the show as always.

It is that time again this year to mark your calendar and start making plans to attend the Kalamazoo Airgun Show. This year's date is August 20, 2017. The show is held in Kalamazoo, Michigan at the Kalamazoo County Expo Center at the County Fairgrounds. Hours for the public are 9 a.m. to 3 p.m.

The show features 106 tables of all types of airguns from antique to modern, bb guns to big bore.

On Saturday evening we will once again host a reception for the show attendees at our host hotel, The TownPlace Suites.

If you would like a show flyer or have any questions please email wespowers@comcast.net we look forward to seeing you at the show.

Ackerman's Iowa City Flea-Tique Market To Be Held Sunday, May 21st At Johnson County Fairgrounds At Iowa City, Iowa

Article by Bill & Karen Ackerman

The 4th Annual ACKERMAN'S IOWA CITY FLEA-TIQUE MARKET will be held on Sunday May 21st at the Johnson County Fairgrounds at the south edge of Iowa City, Iowa. Hours of the show are from 8 a.m. to 3 p.m.

For those travelling from out of the area, the easiest access to the fairgrounds is to take the Avenue of the Saints and get off at the south edge of Iowa City, Iowa. The fairgrounds is just a half mile north.

ACKERMAN'S IOWA CITY FLEA-TIQUE MARKET debuted in 2014 at the fairgrounds as there was a need for a summertime flea market or antique show in the area. In that time the show has grown and last year's show featured about 85 antique and flea market dealers from a multi-state area and attendance was about 1800 eager antique and collectable buyers, also from a multi-state area.

The growth and success of ACKERMAN'S IOWA CITY FLEA-TIQUE MARKET can be attributed to the extensive advertising that is done (including the publication you are reading now) and the location of the event.

A good food stand will be set up (Jerry and Marge Sweeting of Riverside) will be serving up mouth watering barbecue, sandwiches, and the like all day long. They have a tremendous following in this area serving their food at many area events and at area venues throughout the year.

Dealers will be set up in the 3 main buildings as well as many outdoor dealers set up adjacent to those buildings. Parking is readily available and close by. Admission is just \$3 and free parking is close by and readily available.

We welcome you all to attend either as a dealer a buyer of antiques and collectables to the market.

For information about ACKERMAN'S IOWA CITY FLEA-TIQUE MARKET, to either inquire of show space availability, or from a customer perspective to get additional information about ACKERMAN'S IOWA CITY FLEA-TIQUE MARKET, please call Ackerman's at 319-430-3737

Join Midwest Antique and Art Show For Their 31st Year Sunday, April 2nd, 2017 in Cedar Rapids, Iowa

Article & photos by Cathy Rawson

Please join us in our 31st year on Sunday, April 2nd, 2017. The show begins at 10 am and ends at 4 pm with ample time to peruse the 66 quality dealers exhibiting on the Midwest side.

This show venue is not just a high-end antiques and collectibles show but one that has transitioned over the last ten years to attract both younger buyers and our faithful, established clientele.

We have encouraged dealers to expand offerings toward tastes of contemporary lifestyles and interest areas. Our dealers have worked hard to put forth tasteful booth presentation with an emphasis on interesting and out of the ordinary objects. Art of all kinds is the main attraction of the show whether it be in a hooked rug, a piece of mid-century furniture, a piece of pottery or an original painting.

Younger buyers especially like the mid-century offerings and in turn often find a piece of folk art or art that fits in with their purchase. Our dealers not only exhibit here in Iowa but at the prestigious New Hampshire Dealers Show, New York shows, New Mexico and Nashville shows.

Along with the Midwest Show, our sister venue, The Collector's Eye will feature 38 dealers who specialize in advertising, jewelry, art glass, primitives, decorator items, pottery, toys and vintage clothing.

See You At The Show

A Brief History of Antique Pressed Glass

By EAPGS members Sean George and Wendy Jones of Sean George Pressed Glass & Goblets

Pressed Glass, also referred to as Pattern Glass, was produced between 1850 to 1910. The majority was produced in the 1880's. When it was originally designed, it was intended for everyday use and was made to be very durable and at the same time, attractive.

Families would use glassware as part of their table setting or for entertaining guests. For these reasons, producers made many different patterns to attract the customer to buy their products. Once a pattern was designed, it was patented along with its name so that it could not be duplicated, unless patents or molds were sold to other companies.

Often competitors would produce similar patterns or similar names, if the pattern proved to be popular with the public. For example, the "Flamingo" pattern has similarities to the "Clear Flamingo" pattern, not only in looks, but name as well.

Pressed Glass was produced in both Canada and the United States, with American companies outnumbering Canadian factories. Each year companies competed to produce the most attractive and popular patterns. Pressed Glass patterns were designed and then duplicated into a cast iron mold. The mold was then fired at an extreme temperature. The pieces of the mold were pulled away from the glass and the piece was left to cool.

If you examine a piece of pressed glass you will always find either two, three or four seams running through the glass, although sometimes the seams were well hidden in the pattern. The number of mold lines in a piece of glass does not determine the age. If the piece was small, manufacturers would use a two piece mold; if they were making compotes they would use a three piece mold. When manufacturers made punch bowls, they would use a four piece mold because of its large size, or a four piece mold was used for square patterns to help create the shape.

Around the 1920's, Pressed Glass lost its popularity and crystal became the 'in thing'. Affordable crystal was being shipped from Europe and France. When the depression came, people could no longer afford crystal and returned to pressed glass, or "the affordable glassware." This new period of glassware became known as "Depression Glass". It was produced the same way, pressed into a cast iron mold, but in different patterns and colours to brighten your day.

When manufacturers began producing pressed glass (1850-1910); patterns ranged from very plain to very elaborate cut glass imitations. The market tried and tested each pattern. Even patterns with Animals, Fruits and Florals were designed and created, with attention to fine details. Some of the patterns were produced as full table settings, while others were produced only in goblet form or single tableware pieces. People originally bought goblets and tableware for their beauty and artistic design. In addition, it was functional and affordable.

Just as ladies back then were collecting, trading and buying pressed glass for gifts, we continue to do so today. Collectors enjoy choosing and finding their favourite patterns among the over 3000 known patterns produced in early Pressed Glass.
