## Lightning Strikes Twice at Semi-Annual Chicagoland Antique Advertising, Slot Machine & Jukebox Show

Article & photos by *Jack Kelly*

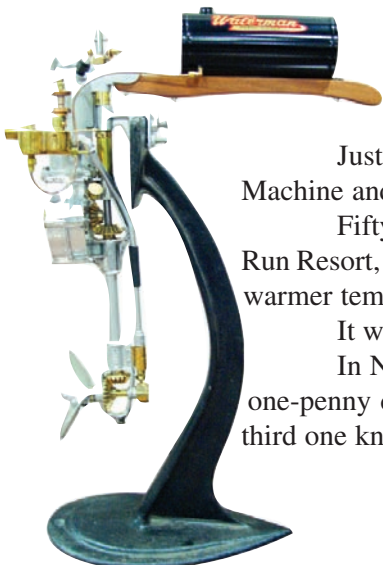

Just two days before the April 7th thru April 9th Chicagoland Antique Advertising, Slot Machine and Juke Box Show all eyes were on the sky's changing weather.

Fifty mile an hour winds and rain--sometimes mixed with snow--hammered the Pheasant Run Resort, some 35 miles west of Chicago, the site of the semi-annual event. But as the show began, warmer temperatures and clear skies greeted visitors and dealers alike.

It wasn't weather-related, but one dealer at the show exclaimed, "lightning did strike twice!"

In November of 2015, Bill Rawski of Zap Props Inc., Chicago showed and sold a rare 1908 one-penny cast iron Berger vending machine for what he termed "a five-figure price, and only the third one known."

Continued on pages 6, 7 & 8

"It's priced in the neighborhood of \$20,000" said dealer B.J. Pawlaczyk of Au Gres, Mich., gesturing at his restored Waterman outboard motor. The immaculate piece was made in 1907 by the Caille Co. of Detroit, which also manufactured coin operated gambling machines. (989) 326-0727

Skip Ulrich once again traveled from Pittsburg, Ks., to show off quality advertising signs including a 22-inch 2-sided porcelain paint sign, with original bracket, that could be hanging up at your place for \$1,300. (620) 231-0104.

First time dealer Lee Schultz of Dewitt, Iowa showed off an Indian theme Deering farm machinery advertising sign priced at \$1,300 along with a 10 x 12-inch tin litho hogs sign tagged \$195. (563) 659-9002.

It would take \$45,000 and change to play this 1912 Caille Silver Cup trade stimulator, made in Detroit and shown by Frank Zygmunt Jr. of Westmont, Ill. zygm1015@aol.com

Dealer Paul Hindin's 1920s Fey counter top penny finger striker was priced at \$20,000. (414) 559-9681

# Out & About

## Happy Mother's Day!

Be sure to remember to take some time this Sunday to spend with mom or give her a call. Remember the smallest gestures are the most memorable ones. The weather has been really nice the past few days. Brandon has already cut the grass three times this year. Be sure to pack appropriately for those outdoor auctions and events. Bring water, sunblock, umbrella and your Auction Action Antique News paper.

The girl's prom was this past Saturday, as always they had fun. They had to meet at North High School to catch a bus to Lambeau Field in Green Bay, Wisconsin where the prom event was held. There were a total of five high schools in attendance, senior class only. Afterwards there was an after bash at the high school until 2am. The girls had tons of fun and were still up by 7am to go to work the next day. They came home at 5pm and went right to bed.

It was a beautiful day at Doty Park in Neenah, Wisconsin. A little windy but still nice. They even stopped to take a picture with their younger, but taller brother. They have become close with the girls going to college.

# Buyers & Dealers come from Around the Country for the Semi-Annual Chicagoland Show

Article & Photos by Jack Kelly

At the April gathering this year, Rawski was all smiles again, showing a fourth example of that same cast iron machine which he priced at \$15,000. Within hours the 16" tall original was whisked off the floor to a new owner at an undisclosed but "close" price.

While some folks talked about Rawski's fantastic find, still others roamed around his varied offerings-- spread over 10 booths! Many people checked out two large early neon signs. a 1 1/2 by 3-foot sign spelling out GAS could be taken home for \$5,000, and a USED CARS 48" example could light up your place for \$8,500.

Since the April show is held during many school spring breaks, the Pheasant Run Restort Mega Center welcomed a generous mix of parents and kids - some of the younger set helping out on the show floor.

Nathan Lippe of Hanover Park, IL, once again was assisted by daughters Charlotte, 7 and Hannah, 4. The girls helped Dad set up advertising signs, including a 1940s 12" by 24" 1940s Sweetheart Bread sign, priced at \$325, and a 48" tall 1960s Reddy Kilowatt sign priced at \$95.

It was a "dad and lad" shopping trip for 25 year coin op veteran collector Shawn Flock and 13-year-old son Orrin. The pair drove to Chicago from Hesperia, MI, north of Muskegon, and the teen took home two machines for his collection. Did he get a good deal? He smiled and said, "The guy wanted \$20 for one of them, but I got him down to \$10."

Serious vending machine collectors hovered around the booth of Paul Hindin of Mequon, WI, for a closer look at two examples. One "objects of desire" was a circa 1918 O Pee Chee porcelain front chewing gum vendor --which Hindin said there are "less than six known", priced at \$7,995. Others checked out his Mitt Muist German Chocolate and music vendor, circa 1899, priced at \$7,500. Many People admired his 1920s countertop Fey cast aluminum finger striker strength tester that you could try at home for \$20,000.

As usual, dozens of slot machine and gambling devices filled the booth of Frank Zygmunt Jr., Westmont, IL, priced from \$500 and up. Many collectors stopped to admire the fancy cast iron design on his countertop 1912 Caille Silver Cup trade stimulator. Made in Detroit, MI, the unusual two dial 19" tall trade stimulator could be played at your house for spare change - and \$45,000.

Still another Caille item, this time a 1907 immaculately restored Waterman outboard motor, was shown by B.J. Pawlaczyk of Au Gres, MI. The collector said there was a sale pending on the rare motor "in the neighborhood of \$20,000." Other outboard motors on display were priced at \$1,195 and up. Pawlaczyk said he had sold-out his entire booth three times in the past 15 years showing at of Chicagoland.

Music from vintage jukeboxes were the order of the day for during three days of the show. Multiple tunes filled the booth of John Papa, National Juke Box Exchange, Mayfield, N.Y., with full color to accompany the sounds of those jukes.

A trio drawing attention included a 1920s Rowe "Bubbler" priced at \$3,500, a 1940s Wurlitzer 850 Peacock priced at \$14,500, and a 1940s Packard Manhattan tagged \$4,500. Papa said the April Chicagoland show marked his "61st show in a row, never missing one."

Brothers Bob and Richard Sandage drove to Pheasant Run from Louisville, Ky., to show jukeboxes and other collectables. Many people stopped to admire, listen and play their 1940 all- original restored Wurlitzer 700 that offered 24 different selections, priced at \$5,500. The brothers, known for quality restorations, have been coming to the show for 30 years.

The popular tall, slender 1950's Coca-Cola '44 bottle 10-cent vending machine is still the No.1 want for many collectors, and John Mahar of Saginaw, MI, offered a prime example. "It works perfect," said the dealer, adding "it'll fit in just about anywhere and priced right at \$3,900."

Although there's plenty of on-the-spot buying and selling, the semi-annual Chicagoland event also is popular for completing deals made throughout the year. For example, Keith and Tammy Stelter of Buchanan, MI, completed a swap involving two coin-operated upright arcade games that Gerard Leuchter of Winnipeg, Manitoba, Canada met with the couple, made the trade, and as Stelter said, "We both walked away happy."

Nona Amour Wilson of North Star Collective, Park Falls, WI, wore two hats at the Chicagoland show. One was to sell high end advertising items spread over several booths - and to promote the Indy Advertising Show's new location and expansion. Wilson purchased the twice-a-year event and moved it from Indianapolis to the Boone County Fairgrounds in Lebanon, IN, south of Indianapolis. She is promoting it as the "Boone County Treasure Hunt." She said she was "excited that well over 100 dealers have already signed up for the Ad Show." In addition to the Ad Show, a Gas and Oil Show, Vintage Market and auction are scheduled Sept. 23 and 24 at the same fairgrounds location.

Some families on spring break roamed around the trading floor while others took advantage of the indoor-outdoor swimming pool and special events planned by the resort for all ages.

As one young mother said, "My husband wanders next door to check out the show items from time to time, but me and the kids are having fun just relaxing and having fun too with special resort related pizza parties, movies and other fun stuff."

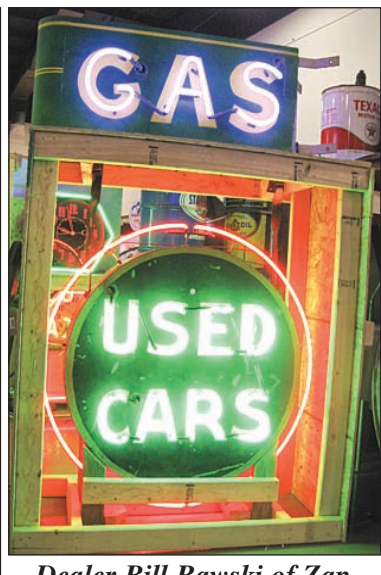

Once again, the covered walkways between the hotel and Mega Center show location offered easy access over the weekend.

Collectors and shoppers will meet again Nov. 10-12, 2017 at Pheasant Run in St. Charles, IL, for the semi-annual show.

Dealers can get information from co-promoter Bob Traynoff at 1-847-244-9263. Show information is available from co-promoter Kevin Greco at 1-815-353-1593 and at [www.chicagolandshow.com](http://www.chicagolandshow.com)

## The History of the JW McCoy & Brush-McCoy Potteries

In 1848, J.W. McCoy was born and raised in Putnam, which is now part of Zanesville, Ohio. He was married in 1870, and the next year he and Sarah (Sade) Elizabeth Brown his wife, moved to Uniontown in Newton Township, Muskingum County. There J.W. operated a dry good store.

In 1871, the McCoy's moved to the community of Roseville, Ohio. There he entered into about a five-year partnership with his father-in-law, James E. Brown in a general merchandise business, which was called "Brown & McCoy".

Then in 1876, J.W. opened a General Merchandise store on his own. In 1886, he entered into a partnership and established the "Williams and McCoy Pottery Co.". After about four years of operation a new partner was taken in and the pottery was renamed the "Kildow, Williams and McCoy Pottery Co.". According to, "The Business Review of Muskingum County", "This plant was one of the most extensive in the valley and produced all kinds of common stoneware and a variety of culinary utensils."

Then in 1890, after about two more years of operation, the KW&M pottery was renamed again, and was called the Midland Pottery Co. By 1892, J.W. was not only involved in pottery manufacturing, and retail pottery sales, but he had become a pottery jobber, selling bulk wares to wholesale dealers.

After about two years of operation, the KW&M pottery was renamed again, and was then called the "Midland Pottery Co.". By 1892, J.W. was not only involved in pottery manufacturing, and retail pottery sales, but he had become a pottery jobber, selling bulk wares to wholesale dealers.

In 1898, following about six years of operation under the name the Midland Pottery Co., the pottery was sold to the "Roseville Pottery Co.". This ended the partnerships J.W. had in the pottery business. Since very few pieces from these early potteries that J.W. was affiliated with have been found, it is most likely that most of them were unmarked.

As discussed in, "The History of the W. Nelson McCoy's Blue Bird Pottery", (seen elsewhere on this Web site), Wilber F., the cousin of J.W., was a partner in the "Zanesville Hardware Company". The date that Wilber's part-ownership in the store was established remains uncertain, but it was probably between 1870 and 1875.

In 1899, J.W. along with several investors, formed a pottery solely under his name, the J.W. McCoy Pottery Co. He must have devoted much of his time to his new pottery, for in 1901, he turned the management of his general store over to his son Arthur.

For several years, the "J.W. McCoy Pottery Co." concentrated on the production of the simpler, utilitarian stoneware pieces. However, around late 1902 the pottery branched out and began to include the production of art pottery. The art pottery production consisted of elaborately designed, decorative items such as jardinières and pedestals, various other flower containers, umbrella stands, and sand jars. The production of these attractively glazed pieces proved to be a very successful undertaking.

In 1909, George Brush joined the "J.W. McCoy Pottery Co.". Prior to that time he had established a pottery under his own name. However, the pottery only operated about one year before a fire destroyed the entire plant. The "Brush Pottery" was not rebuilt, but he retained the remaining assets of the Brush Pottery. Later in the year after his pottery burned, George Brush became the Manager of the "Globe Stoneware Company", and the "Crooksville Clay Products Company".

After joining the "J.W. McCoy Pottery", within two years George Brush had become the General Manager of the pottery. In October of that year, the directors of the McCoy pottery decided to expand the pottery by the purchase of the "Globe Stoneware Co." (1901-1911).

During August of 1911, George Brush, acting on behalf of the Brush Pottery interests, purchased the old "J.B. Owens Pottery", Plant Number One in Zanesville (1883-1909), along with the equipment and molds. Late in 1911, the officers of the "J.W. McCoy Pottery", at the suggestion of George Brush, agreed to combine the assets of the company with those of the "Brush Pottery". Consequently, George Brush obtained the controlling interest in the "J.W. McCoy pottery", and the name of the pottery was changed to the "Brush - McCoy Pottery".

In 1912, the "Brush-McCoy Pottery" purchased the equipment and molds from the "A. Radford Pottery", which was located in Clarksville, West Virginia.

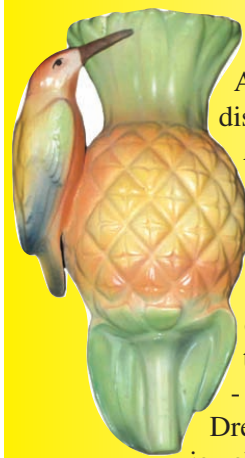

In 1918, the McCoy family sold their interest in the Brush - McCoy Pottery; however, it was not until late 1925 that the directors of the pottery dropped the McCoy name. The new name of the pottery was the Brush Pottery Co., and it operated under that name until it closed in 1982.

# Annual Czech Collectors Convention to be Held in June

The 2017 Czechoslovakian Collectors Association Annual Convention will be held June 8-10, 2017 across the river from downtown Cincinnati, Ohio at the Cincinnati Marriott at RiverCenter.

The CCA is proud to sponsor their annual convention - an Antique Show and Sale featuring multiple dealers, educational displays and the opportunity to learn and share knowledge of Austrian, Bohemian and Czechoslovakian Antiques with special emphasis on the Decorative Arts.

The Czechoslovakian Collectors Association is dedicated to the ABC's - Austrian, Bohemian, and Czechoslovakian Decorative Arts. Its mission is to foster the collection and appreciation of the art glass, ceramics and other decorative arts from the years 1850 to 1940. This encompasses a vast range of styles - Victorian, Art Nouveau, and Deco; of makers - Amphora, Dressler, Mrazek and Urbach, Loetz, Kralik and Moser; of forms - jewelry, art, lighting, perfume bottles, pottery and much, much more!

Most members attending are experts in their own area of collecting interest but in 2017 we are pleased to have three exceptional speakers on the topics of Mrazek Pottery and Art Glass made in Czechoslovakia. These speakers will share their insights on the wide diversity of beautiful and colorful objects.

This year the entire show is open free to the public beginning on Thursday, afternoon. Seminars will begin at 9:00 on Friday and 9:30 on Saturday. Saturday evening, the convention will close with the Convention Banquet.

This weekend is a perfect opportunity to explore, appreciate and buy the unique products exported from this cultural crossroads which was a world renowned center for artistic design in the late 19th and early 20th Centuries. With newfound insights, the figural or funky pitcher pushed to the back of a cupboard, that unusual piece of Grandma's glass or a colorful beaded necklace will take on new value and appreciation. People arriving early may want to visit one of the many antique shops and malls or visit one of the museums in the area. Of particular note is the restored Cincinnati Museum Center at Union Terminal .

For further information about the convention and membership and registration forms, please visit the web page at [www.czechcollectors.org](http://www.czechcollectors.org) or contact: Dave Phelps at [dave@czechpottery.com](mailto:dave@czechpottery.com)

# Rich Penn Auctions presents: A Tribute To The Titans of Transportation and More!!

Toy planes, trains, automobiles, boats, ships, trucks, motorcycles and more, if it was built for transportation, it was collected. And on May 19-21 it will be sold! The companies that made these toys were Titans in the industry and are all well represented; Bing, Orkin Craft, Kenton, A.C. Williams, Arnold, Ives, Marklin, Dent, Fleischmann, Lionel, Arcade, Vindex, Marx, Schuco and others. They will all come together at the Rich Penn Auction event being held in Waterloo, Iowa at the Five Sullivan Brothers Convention Center. Penn said, "This is the first time we've held an auction in our home town and we're excited about it!! We were never able to get dates that matched our schedules and finally.....after working well in advance, it's come together! This will be a fabulous auction to be our "kick-off" in a new facility. There's a wonderful variety and we're selling several amazing collections...and as always, there are no reserves!"

There were Titans in the companies that made toys, and there were Titans that collected them. The late Dick Borgerding (1926-2016) and George Chartier, both from Michigan, were two of those collector Titans. Dick had one of America's greatest collections of toy boats, ships and motors. A pharmacist by profession, Dick started his collection in the 1970's. But his interest then was big boats, like the Chris Crafts. In the 1980's a friend gave him a toy Chris Craft. That started it! At his first toy show, in Saline, MI, Dick bought 31 toy boats! Hundreds of boats later and hundreds of friends later, Dick became well known in boating circles. Many of his boats were featured in reference books. His entire collection is now coming to auction.

George Chartier's collecting interest started in the 1960's. He liked small toys that were powered by electricity and collected toy outboard motors, nearly all are mint in box. George's interest in miniatures got him his first big job. In 1962, after 3,000 hours of labor, he finished a miniature radio

controlled car. The futuristic car was carved from basswood and finished with 20 coats of lacquer. Headlights, tail lights, turn signals....everything was functional. And it zipped along at 2 mph! He took that model with him for a job interview as a clay modeler at Ford. He took it through it's amazing functions in the Design Center Lobby. He got the job! George is still building. His current project is a miniature flying saucer...complete with an Alien pilot!

Miniature motors also come in air driven models. Nearly 100 carefully hand-crafted and machined miniature motors were built by the late Clifton Eichelberger. He machined each and every part for these compressed air driven motors. The collection is amazing in detail and mechanics. From V-4s with overhead cams to unusual rotary engines, the engineering is remarkable.

Of the nearly 2,000 lots in this auction, these toys make up several hundred. But there's much more than toy boats and motors. There's a great collection of tin windup and cast iron toys. Many of the windup toys come with original boxes. Among those are Joe Penner, Jazzbo-Jim, Charleston Trio and a number of other. Many other much sought after windups are included: Superman roll-over, Tidy Tim, Jackee Hornpipe Dancer and many more. There are also banks, both still and mechanical. Advertising signs are offered in a variety of categories, Tobacco, Coca-Cola, other Soda Brands like Pepsi, Hires, 7 Up and other popular drinks, Breweriana, General Merchandise and others. Clocks are offered with advertising and neon as well as classic regulator and shelf styles.

Among the most exciting signs are a number of great Coca-Cola porcelain signs. From flanges to large double-sided porcelain, there are great choices. Perhaps the most striking Coca-Cola sign is a three-piece "Drink Coca-Cola" button flanked by two porcelain wings with a hand offering a Coke. In near mint condition, this 65" wide sign should attract serious attention. An Edelweiss double-sided porcelain is equally exciting. A 1940's sign, with original frame, this sign measures 33" x 33" and

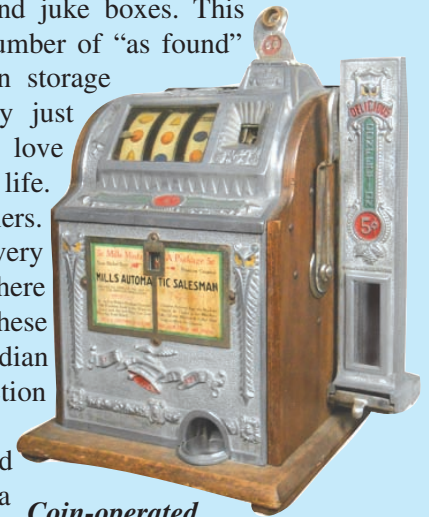

*Pedal air-plane, Supersonic Jet, mfgd by Murray, c.1950's, VG orig cond, 23"H x 24"W x 45"L.*

is in excellent condition. Not a sign...but another rare and desirable Breweriana piece is an excellent condition Anheuser-Busch 1910 serving tray. This c.1910 tray shows a Roman Goddess and cherubs w/A-B beer bottles.

Toys come in bigger sizes for bigger boys & girls. So you can expect to be offered coin-operated machines, slots, arcade, vending and juke boxes. This variety includes a number of "as found" juke boxes, many in storage for 40+ years. They just need some collector love to bring them back to life.

Among the most rare are two AMI Streamliners. These machines were made in the 1930's in very limited numbers. With less than 3,000 made, there are only a handful still in existence. One of these machines was actually modified by a Canadian company. It's unusual in that the 20 selection machine selects by using one of 20 coin slots!

Slot machines are offered in both original and restored condition. One of the most unusual is a Caille 5 cent 4-reel Superior. Nearly all others are three reel. This is a 1930's machine and is a rare version of the Superior. Line up the 1, 2, 3 & 4 symbols on the pay line and win the "5 in Trade" jackpot! Another rare machine is the 5 cent Mills "Automatic Salesman" with side vendor. Both of these machines are great original examples. The coin-op machines also include rare Postage Machines, Harvard Metal Typers, Penny Scales and other vendors.

As always, a Rich Penn Auction Event comes with Great Country Store pieces. This auction is no exception. Several Salesman's Samples, Spool Cabinets, Dye Cabinets, Ribbon Cabinets, Display Cases and Show Cases come in a variety of sizes and configurations. A 10' seed counter, by Universal Counter Co., Herkimer, NY is one of the premier pieces. In original condition, it would make a great statement piece in any country store collection. Other decorative pieces are offered as well. A c.1870's Wooten Rotary roll top desk, walnut and oak furniture, lighting and a large variety of stoneware, including Sleepy Eye. All should make this an auction with something for everyone!

Penn added comments about the new location for their auctions. "We're pretty excited about doing our auctions in our hometown. The Five Sullivan Brothers Convention Center is just 100 yards from our office. We were finally able to get the dates we needed. It's a great facility and is connected to a hotel and parking ramp. Both are connected by an enclosed skywalk. Plus, it's within walking distance to some great restaurants. The hotel gave our guests a special \$79 room rate and I think we'll have some other fun things lined up too. We're really looking forward to it!" The site is conveniently located in downtown Waterloo, just one block off the freeway.

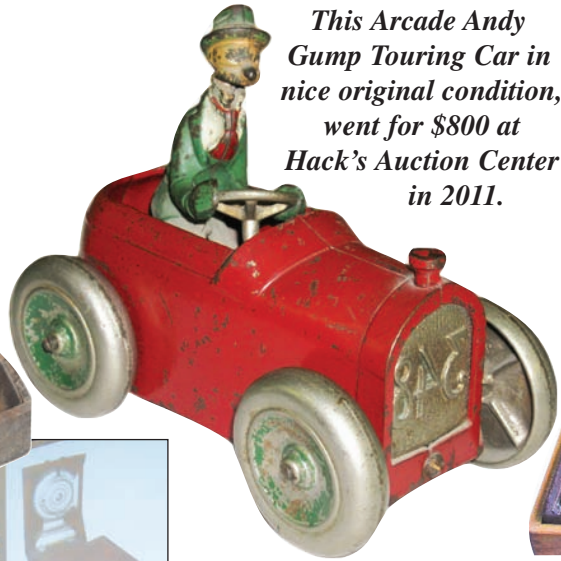

For those who can't make it, Penn offers multiple bidding options, including absentee, telephone and live bidding online through LiveAuctioneers. Find the links to the online catalog on Penn's web site. Full color catalogs will be available for \$40. Prices realized will be posted online. Just contact Rich Penn Auctions at 319-291-6688 to order yours. Go to [www.RichPennAuctions.com](http://www.RichPennAuctions.com) to register or to preview the auction. Absentee and phone bidding are always welcome.

## Musical Box Society International

The Musical Box Society International is a non-profit organization dedicated to the enjoyment, study and preservation of all automatic musical instruments. From its modest beginning in 1949, MBSI now numbers several thousand members with representation in each of the 50 states and 19 other countries.

The MBSI website at [www.mbsi.org](http://www.mbsi.org) is easy to navigate and understand. Visitors to the site will find a great deal of helpful information about automatic musical instruments. There is a large museum section showing various museums and repositories that have automatic musical instruments and a huge listing of manufacturers of these instruments. We particularly enjoyed the Photo Gallery. Twenty-five musical instruments are shown and by clicking on a button by each picture you can actually hear the automatic musical instrument playing. For members there is a large library for borrowing related books and also a MBSI Store. The Society's chapters are listed and an Events Calendar features the annual convention as well as chapter events.

The section on how to become a member is easy to understand and complete. Anyone visiting this site and spending some time here who has an interest in automatic musical instruments should end up at this section and join!

## Society for Old Ivory and Ohme Porcelains

The Society for Old Ivory and Ohme Porcelains is an organization of collectors and dealers who admire and collect Old Ivory and Ohme Porcelains. The purpose of the Society is for the members to share information and educate themselves and the public about the history and beauty of these porcelains, promote the collecting of Old Ivory and Hermann Ohme porcelains, and to develop communications between those who collect these porcelain items.

The SOIOP website is clean looking and traditional looking in keeping with the character of the collecting area the Society represents. The homepage has representative photos of Old Ivory and Ohme porcelain pieces plus a side navigation bar.

There is a section on the history of Old Ivory and Ohme porcelains and some excellent segments with photos covering the types of porcelain, patterns and marks.

The site's sections on the Society, itself, and on their annual convention is almost secondary. This is an excellent reference site for both collectors and dealers, or for that person who just happens to own a piece of Old Ivory or Ohme porcelain and wants to know a little more about it.

## 25th Annual Kalamazoo Airgun It Is That Time Again To Mark Your Calendar

Article by Wesley Powers

It is that time again this year to mark your calendar and start making plans to attend the Kalamazoo Airgun Show. This year's date is August 20, 2017. The show is held in Kalamazoo, Michigan at the Kalamazoo County Expo Center at the County Fairgrounds. Hours for the public are 9 a.m. to 3 p.m.

The show features 106 tables of all types of airguns from antique to modern, bb guns to big bore.

There has been some confusion about the new airgun show in Columbus Ohio this year and the Kalamazoo Michigan airgun show. Dennis Baker is co-host of the Kalamazoo show this year. An Ohio airgun club is hosting the Columbus show and Dennis is also a member of the club. Dennis' company Baker Airguns sponsors of both the Columbus and Kalamazoo shows. Dennis has assured me that the 2018 26th Annual Kalamazoo show will continue...please continue to support Dennis just like you have always supported us...he will continue to have a great show!

On Saturday evening we will once again host a reception for the show attendees at our host hotel, The TownPlace Suites. At this year's reception world acclaimed airgun historian, collector and author Larry Hannusch will entertain and educate us with a presentation on early airguns.

Tables for the show are well over half sold out so make sure to get your reservation in to us soon! If you would like a show flyer or have any questions please email wespowers@comcast.net we look forward to seeing you at the show.

## Ackerman's Iowa City Flea-Tique Market Is Coming Soon!

Article by Bill & Karen Ackerman

With just about a month to go, **ACKERMAN'S IOWA CITY FLEA-TIQUE MARKET** will soon be here.

The Johnson County Fairgrounds located just off of the Avenue of the Saints (Exit 89) at the southwest edge of Iowa City will be location for the **4th annual ACKERMAN'S IOWA CITY FLEA-TIQUE MARKET** will be in session on Sunday May 21st from 8 a.m. to 3 p.m. Dealer sign-up is in full swing and many great dealers will be set up and selling all types of antiques and collectables.

**FLEA-TIQUE** was started in 2014 to fill the area void of shows in May/June of each year and has been successful in doing just that. Attendance is excellent with customers, both collectors and dealers as well as the perpetual accumulators come from a wide area to purchase what is offered at **FLEA-TIQUE**.

Dealers will be featuring lots of antique furniture, primitives, farm primitives, outdoor garden items, silver, coins, artwork, advertising items, paper and ephemera, kitchenwares, glassware, antique lighting, old books, stoneware, country items, and lots and lots more! Dealers will be set up in the 3 buildings on the fairgrounds traditionally used for antique shows as well as outside around the buildings.

A great lunch stand will be available and managed by Jerry and Marge Sweeting of Riverside, Iowa and they will be serving up some delicious food of all types. The lunch stand is directly in front of Building C

Parking is plentiful, both to the north on the paved parking lot as well as the multi-acre parking area to the south of the "main campus" of dealers set up in and around the 3 buildings used for **FLEA-TIQUE**.

Parking attendants will be on site to direct vehicles to the lots. Admission is just \$3 per person.

Be looking for advertising in this publication regarding this great event in Iowa City, Iowa.

Dealer space is still available and if you are wanting a space in a well advertised event, **ACKERMAN'S IOWA CITY FLEA-TIQUE MARKET** is for you. Call Ackerman's at 319-430-3737 to get information.
