Two Weekends - One Fantastic Sale at Younger Auction Company

Article & photos by Younger Auction Co.

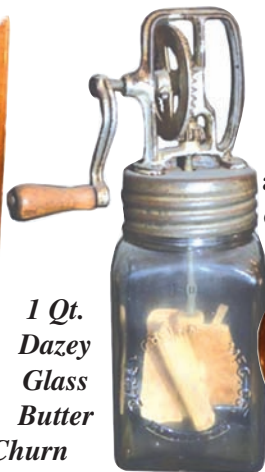

On April 6th, 7th & 8th, Younger Auction Company held the second part of a large moving auction for Bill & Donna Job and Katherine J. Penisten. The first part of the auction (in last week's paper) was a great success and this one was as well!

The auction was held at the Younger Auction Gallery located at 312 E. South Hills Drive in Maryville, Missouri. Collectors got to take home some really incredible pieces!

One Large Eye Watched Prices Climb at the Rich Penn Spring Auction Event

Article & photos by Rich Penn

The May Rich Penn Auction Event brought more new bidders to Waterloo, Iowa and thousands joined online from across the globe. The result: strong prices across all categories. According to Penn, "This auction had more participation online than any auction in recent years. As a result, house bidders had to be more aggressive. And they were!"

Amazing 2 Day Rich Penn Auction Features Nearly 1,200 Lots for Eager Bidders

Article & Photos by Rich Penn

The two day auction featured nearly 1,200 lots. It was an interesting mix of Advertising, Petroliana, Country Store, Salesman Sample Stoves, Toys, Coin-Operated machines, Disney, and other unusual Decorative items.

Advertising items are always well represented at a Penn auction and this one was no exception. One of the more unusual pieces was an Optometrist's Clock. This rare c.1900 litho on wood clock had one very large eye that watched the bidding price climb as time passed. It ticked away until bidding reached \$4,750. All prices are hammer prices and do not reflect the 10-20% buyer's premium.

A Sharples Separator "Shapely" die cut and self framed tin litho sign, with very strong color showing a milkmaid, had equally strong bidding. Final bidding reached \$4,000. Another farming related sign also perked up bidders. The c.1890 chromolithograph for John Deere Buggies was in an original signed frame. "Deere Vehicles Are All Right" rolled up to a top bid of \$3,000. Ebbert vehicles seemed to be all right too. A beautiful c.1906 self framed tin litho for the The Hickman-Ebbert Wagon Co. rolled off with a high bid of \$1,700.

With a large selection of Petrolina, gas globes also came through well. An always desirable Frontier, Rarin'-To-Go, with Capcolite plastic body and good lenses reared up and galloped off with a \$1,100 top bid. An unusual Wareco Ethyl oval globe, in a Capcolite body, took a \$1,400 bid. A Clark Globe, with wide glass body, still had much of the original caulk holding the pair of excellent lenses. Collectors prize original and that helped push the globe to a top bid of \$850. Petroliana pieces come in many forms. In the miniature form of a visible gas pump, a lighter fluid dispenser rang up a \$2,000 winning bid.

From the Gas Station, to the Country Store, the great pieces just kept on coming! A keystone display piece in every quality Country Store was a double tower showcase. Only the finest goods were to be presented in these displays. And German Silver was even better. This Double Tower was everything a collector could ask for. In great original condition, selling for \$3,100, it will be the keystone piece in a successful Texas bidder's Country Store. Many of those quality stores had the finest notion and fabric displays as well. Among them would be a spool cabinet. Several were offered. The most striking was a Corticelli Silk Co. two door, in oak with etched mirrored doors. It sold at \$2,600. A double rotating cylinder Merrick's in excellent condition sold at \$1,800. A classic hardware store piece, an 80 drawer nut & bolt cabinet, gathered a solid \$2,000. An equally classic Country Store piece, a NCR model 92 cash register, rang up an \$1,800 bid. And what Country Store would be complete without a Coffee Bin. This great example, originally from a store in Fairborn, NE, was wonderfully decorated and collected a top bid of \$1,700.

Salesman Samples proved to be popular among a variety of collectors. Used by traveling salesmen to explain their wares, the full-size cast iron stoves would have been difficult to travel with. So scaled down versions were taken to the merchants. According to Penn, "It's been a number of years since we offered this many Salesman Sample stoves. And the prices were pretty strong." The top selling stove was a nice original Great Majestic Junior. It cooked up a winning bid of \$1,800. A Karr Range, in blue, sold for \$1,500. It's green version sold close behind at \$1,450.

Rich Penn added, "While many categories of antiques are slowly declining in interest & value, some have stabilized and others are starting to see renewed collector interest. The prices on the coin-operated machines would seem to be one of those categories with renewed interest." This auction seemed to support that assessment. With a number of Jukeboxes, soda machines and other coin-operated pieces,

John Deere buggy chromolithograph in original "Deere Vehicles Are All Right" advertising frame, early JD logo in lower R corner, c.1890, sold for \$3,000.

Coin-operated lighter fluid dispenser, "Filling Station for Pocket Lighters" 1 Cent, cast iron, original orange paint, sold for \$2,000.

bidding was aggressive. An unusual non-working but rare Evan's "Holiday" jukebox, sold to a European bidder for \$8,000. A rare Pepsi-Cola VMC 81 went to a new home with a top bid of \$4,250. Another rare machine, a Coca-Cola American Vendor model 120, popped a top bid of \$3,900. This machine came from the Coca-Cola museum in Elizabethtown, KY. While not a coin-operated piece, an equally rare ICY-O Coca-Cola cooler settled on a top bid of a cool \$5,000. For the gambler who likes slot machines, a 1930's Mills 5c War Eagle, with a repaired back bonnet, flew away for \$2,250. An equally cool Bennet Cigar vendor, c.1900, smoked the bidding for \$2,100.

Rich Penn Auctions are noted for consistently offering a wide variety for collectors. This auction was another example. The selection of rare Walt Disney pieces took variety to a new level. Many of the pieces sold had a direct connection to legendary Disney animator Ward Kimball. One of those pieces was "Nazi" Donald." That automaton was believed to have been a lobby piece produced for the 1943 animated short, "Der Fuehrer's Face." This Disney anti-Nazi short film won Disney their first Academy Award in 1943. Many years later Ward Kimball discovered the piece at a Flea Market in CA. He had it restored. Donald commanded a high bid of \$2,500! Other Disney pieces were even stronger. A 15" Jiminy Cricket automaton hopped up to a \$3,250 top bid, while Mickey Mouse as a wizard waved his wand and conjured a bid of \$3,000. A Popeye automaton flexed several bidders waving arm muscles until a bid of \$3,250 took Popeye & Sweet Pea off their warf. A Disney, Steampunk Dirigible, 1 of 50 made and likely or like the one from Michael Jackson's house, floated away to a successful bidders home for \$2,500.

Perhaps the most interesting piece in the auction...and the one that attracted the most global attention, was the ten foot tall Robot from The World of Sid & Marty Krofft. The piece was a key fixture to a failed amusement park at the Omni Hotel in Atlanta. Without any of the technical plans, it's size and complexity discouraged many bidders. Selling at bargain basement price of \$2,750, it left for an extensive restoration in CA and then off to it's final home with a bidder from Europe.

When asked what he thought about the auction results, Penn said, "It ended up being a great auction! Prices seem to be gaining strength again. And our following, in the US and globally, continues to grow." Penn's next auction is November 2, 3 & 4, again in Waterloo, IA. This auction will include several large collections of Advertising, Country Store, Coin-operated machines and Petroliana. For more information or to consign, call 319-291-6688 or go to Penn's website: www.RichPennAuctions.com.

Salesman sample or toy cook stove, Karr Range Co.-Belleville, IL, original blue porcelain & nickel finish, sold for \$1,500.

Country store spool cabinet, Corticelli Silk Co./The Brainerd & Armstrong Co. Asiatic Dyes "Best in the World", oak with two etched advertising mirrored front doors. Sold for \$2,600.

Country store advertising sign, The Hickman-Ebbert Wagon Co.-Owensboro, KY, self-framed litho on tin by Chas. W. Shonk Co. Litho, c.1906, sold for \$1,700.

Frontier Rarin'-To-Go, two curved glass lenses in Capcolite body, sold for \$1,100.

Country store showcase, German Silver double-tower steeple countertop case with curved glass end sections & desirable flat center section, likely mfgd by Claes & Lehnbeuter, sold for \$3,100.

Gasoline globe, Wareco Ethyl, two curved glass lenses in oval Capcolite body, sold for \$1,400.

Van Briggles Pottery & Tile

Dozens of glaze colors, hundreds of designs, hundreds of thousands of pieces created - all bearing one name - the name of the brilliant artist and his wife whose lives left a permanent and timeless imprint on the tradition of American art pottery. This is the Van Briggles legacy - begun in 1899. With the passing of time new chapters are added, and this artistic legacy is as alive today as any time in its history. Each day the Van Briggles studios produce the early designs of its founders, Artus and Anne Van Briggles, as well as pieces created over the years that compliment their celebrated style, in a variety of colors - both historic and contemporary.

At Van Briggles Art Pottery in Colorado Springs, the beginning of a new millennium brought the dawn of a new century in this Van Briggles legacy. Beginning our second hundred years of creating fine art pottery, we find ourselves returning to our roots. Simultaneously, we are looking to the future, contemplating what legacy we will leave for future generations. We are surrounded by evidence that we bear the name of a creative genius, highly acclaimed in his day, and the dedication of so many artisans and staff over the past 100 years, which brings a deep sense of joy as well as responsibility.

Almost daily we experience poignant reminders of the Van Briggles legacy: someone walks into our showroom with a piece of Van Briggles wrapped in a towel or newspaper, placed in an old shoe box, with a story of how their grandmother purchased this piece 75 years ago on a trip to Colorado Springs - and that she wouldn't part with it for any price; we walk into a museum in Pasadena, California and unexpectedly see a small collection of Van Briggles pieces, all bearing dates from the early 1900's; we receive a telephone call from a collector who just bought an old "Lorelei" vase for a few dollars in a box lot at a farm sale somewhere in the Midwest - the farmer and his family had purchased the piece years ago when they came to Colorado after the harvest was in; while on a visit to the Metropolitan Museum in New York or the Smithsonian in Washington, D.C. we find pieces of Van Briggles pottery among their permanent collections.

Stories like these remind us that the work of our hands today is the continuation of a celebrated artistic heritage begun over one hundred years ago. Indeed, we do feel a responsibility that is both sobering and exciting as we continue the legacy of Artus and Anne Van Briggles. Their names hold a distinctive place in the history of fine and decorative arts. The desire to continue an honored tradition brings with it a dilemma: how do we continue their artistic legacy without simply mimicking its earlier sublime creations? We want to know that if Anne and Artus were to miraculously return to us one day, as we open another kiln filled with art pottery bearing their name, they would see designs and glazes they would cherish in their hands and hearts, as we hold theirs in ours. We would want them to recognize the pottery pieces inscribed with their name. However, knowing they were accomplished artists, we would also want them to say, "...and how you have grown with the years!" We must stay true to our past, yet we must evolve and grow - after all if art is anything, it is dynamic! Clay is a particularly versatile medium for an artist. A survey of what is produced by potters around the world shows that, more than any other medium, clay offers the artist extraordinary scope of expression.

As artists and artisans here at Van Briggles, we occasionally monitor what other artists are doing with clay and glaze. Fads and trends have their moments in time,

and it can be tempting to follow these more immediately accepted styles and idioms, though they lay beyond the bounds of the Van Briggles tradition. However, we are repeatedly drawn to one over-riding goal - to establish an aesthetic that transcends time; to create a style unique to our heritage that establishes itself by continually reaffirming its principles; to explore new ways of expression while always being reminded of their origins. In judging the viability of each new design or glaze we find ourselves asking these questions: Does it look like Van Briggles? Is it worthy of bearing that name? Is it informed by our legacy without simply repeating it?

An overview of Van Briggles pieces over the last century shows hundreds of designs with flower, animal or human subjects artistically applied to pottery forms. Typically, these pieces are highlighted with a soft matte glaze - Artus Van Briggles' passion. The subject of Van Briggles is, essentially, nature, which for all intents and purposes is an inexhaustible source for the artist. Themes and motifs inspired by nature can be interpreted and reinterpreted indefinitely on graceful forms. Matte glazes may be created with a broad range of hues to enhance and lend these forms a soft satin touch. A viewing of our current inventory shows a number of designs created by Artus and Anne Van Briggles that have been produced continuously since the early 20th century. Along with these, one finds distinctive designs by other artists that have been added to the collection over the years. Of course the majority of pieces are glazed with the signature Van Briggles matte glaze - one of Artus' most profound achievements - in various colors. Over the past two decades we have carefully identified and retained only the designs we feel fit most appropriately into the Van Briggles style, and have eliminated others that do not. When new designs are added they are carefully selected to enhance and further the Van Briggles tradition.

Artus Van Briggles established his pottery during the Arts and Crafts movement, a time when many artists and craftsmen were creating their works in reaction to the mass production of the industrial revolution. Though the scope of the Van Briggles tradition is broader than the movement, Van Briggles' work fits well within its emphasis on making hand-crafted art available to a wider public. In the same way, it is our goal in an era dominated by ever increasing emphasis on technology, to provide our society with a counterpoint of artistry and hand craftsmanship.

What could be more rewarding? Reminders of the Van Briggles legacy are all around us. An old black and white photograph immortalizes a moment when Artus posed outside a kiln while the earliest Van Briggles artisans brought pieces for his inspection. A former employee describes how the kilns used to be fired with coal, which he remembers shoveling by hand. A pottery piece from 1902 has mysteriously acquired a look and feel that only the passing of time will create. These reminders and countless others renew and strengthen our resolve to continue the tradition.

Each day brings a sense of excitement and anticipation; there is no end in sight to the Van Briggles legacy. Inspired by the essence of our style, successive generations can continue to express the timeless and endless themes found in nature, interpreted through creative minds and skilled hands. Artus and Anne Van Briggles' aims and values were noble and sincere. As we remain true to these goals, the Van Briggles tradition, begun so many years ago, will continue long into the future.

Antiques Abbreviations

by Mike Paul

A while ago a reader asked about explaining some of the abbreviations they encounter in auction ads. This got me thinking about the abbreviations auctioneers use and why we use them. After a phone call to Gloria I offered to put together a listing.

By definition, an abbreviation is a shortened form of a word or phrase used for brevity. Within context and reason it identifies certain aspects of a piece to the buyer without needlessly going into detail. A lamp buyer will know what a "bracket lamp" is. It's unnecessary to say, "Victorian cast iron wall bracket with mercury glass reflector, chimney & drop in finger font". Most auctioneers use abbreviations in order to keep the size of the ad affordable. However it can be too much of a good thing and some of the more arcane descriptions can confuse or mislead the reader. To a person who collects a particular category most abbreviations in that category are readily recognized. To anybody else they are probably gibberish. Even a novice farm toy buyer won't need a three day weekend to decipher IH, McD & JD. WWI & WWII are obvious but would most folks recognize CW (Civil War) out of context? Coins, firearms, Hummels (152/A TMK3 UB K255 HB, anyone?) and other categories all have their own abbreviations that often are exclusive to that field. But if you are a glassware buyer does it really matter if you can't translate a 28g, o/u, d-bbl, ss w/syn stock and vr?

Some descriptions, while not technically correct, get the point across. For example "Jewel T", (which is short for Jewel Tea, a grocery chain) takes up less space than "Autumn Leaf", (a pattern name for china offered as a premium by Jewel Tea). This may seem like a trivial difference but similar descriptions over several publications begin to add up.

A listing that encompassed all of the collecting fields would be more of a project than I can take on but the following abbreviations should get you through most ads for antique auctions. If you have others you'd like to add to the list or that you've wondered about, please email them to me at mike@paulauction.com.

A&C - Arts & Crafts. Refers to the style of furniture usually associated with early 1900s Stickley. Often but erroneously referred to as Mission or Prairie.

ABC - American Brilliant Cut. Refers to the "Brilliant" period of late 19th/early 20th century American cut glass

B&H - Bradley & Hubbard. A manufacturer of quality lighting and decorative accessories.

B&W - Blue & White. The glaze colors used on utilitarian stoneware that was often found in the kitchen.

CI - Cast Iron.

COP - Century Of Progress. Typically refers to souvenirs hauled back from the Chicago World's Fair of 1933/34. Even in the middle of the Great Depression, a lot of Wisconsinites made the trip to see the COP.

CRS - Somebody explained this to me once, but I can't seem to remember what they said.

Dmg - Damage.

gl - Gallon. Typically used when advertising stoneware capacity

For Rest - For Restoration. Don't go to the auction expecting a cream puff.

GBCF - Glass Ball Claw Foot. Describes the foot usually found on late Victorian parlor and lamp tables.

GWTW - Gone With The Wind. A style of lamp with a matching font and top globe. Correctly referred to as a parlor lamp but popularly known as a Gone With The Wind, after the movie of the same name.

LRRH- Little Red Riding Hood. Typically refers to the Regal China products that feature her.

MIB - Mint In Box. Any item, but often a toy, that is in the same condition as new and in the original box.

MOP - Mother of Pearl. Polished nacre usually derived from mollusk shells. Typically found in jewelry, ladies dresser articles, buttons and in the windows of RPOG art.

NIB - New In Box. Similar to above but often assumed to be of modern production

NOS - New Old Stock. Old merchandise, often with original manufacturer's tags and merchant's price tags, that has never been sold or used.

NWOT - New With Original Tags, but sometimes used as New With Out Tags. eBay sellers are usually guilty of using this both ways. If buying online, clarify before bidding.

o/b - Outboard. An outboard motor.

OOB - Oil on Board. Art work done on a board, usually Masonite.

OOB - Oil on Canvas. Art work done on canvas.

Pre Pro - Pre Prohibition, prior to 1920. Refers specifically to alcohol related advertising.

Post Pro - Post Prohibition, after 1933. Refers specifically to alcohol related advertising.

QA - Queen Anne. Generally refers to a 1920's or 30's revival style exemplified by a cabriole leg.

Repro - Reproduction. A good definition would require a separate article but you get the idea. Occasionally people will use the slang "Repop" for repro or "Repo" which is inaccurate and what happens to your car when Vinnie pulls up in a tow truck.

RPOG - Reverse Painted on Glass. Less common as ROG. Any item where the design or artwork has been applied to the obverse side of the glass but typically a lamp shade, decorative framed art or advertising items.

RPPC - Real Photo Post Card. Differentiates a post card that was printed, (developed) off your film from one that was commercially printed. These were so popular that Kodak marketed the 3A folder specifically for the RPPC.

RR - Railroad.

RW - Red Wing. Red Wing, or less often, the several other stoneware companies that called Red Wing, MN their home.

/s/ - Signed.

s/g - Salt Glaze. Refers to the type of glaze used on stoneware and to differentiate it from the later, more common, zinc glaze.

TOC - Tin Over Cardboard. A type of sign made of tin wrapped over a piece of paper-board and hung by a piece of short thread mounted to the back side of the sign.

Commonly used in the 1930's and 40's by brewing and other industries.

T&S- Time & Strike. Refers to clock movements. Differentiates between time only and striking movements.

The American Political Items Collectors (APIC) To Hold Their 2018 National Convention In Springfield, Illinois

Article & Photos by Bob Atwater & David Yount

The largest Political and Historical collectibles show of the year is coming to the Midwest this summer! The American Political Items Collectors (APIC) has scheduled its 2018 National Convention for July 17th-22nd at the Crowne Plaza Hotel, 3000 S. Dirksen Parkway in Springfield, Illinois.

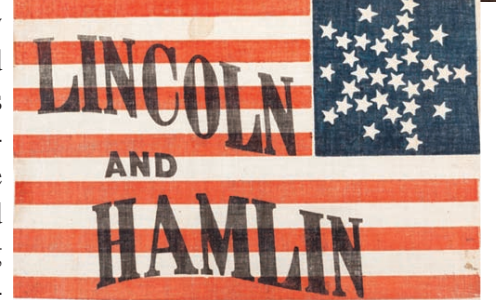

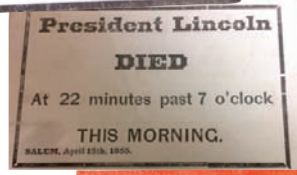

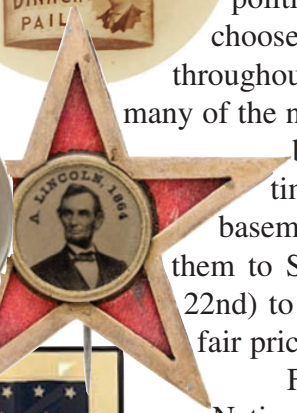

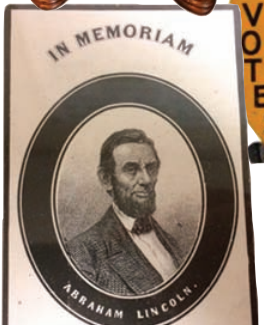

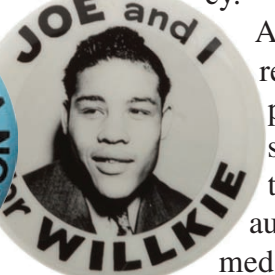

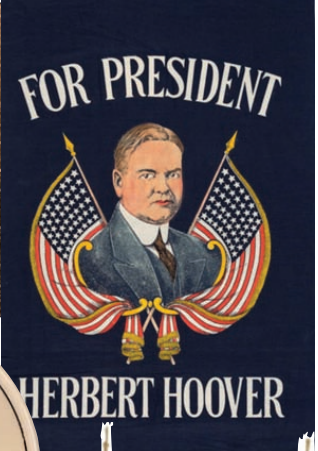

The American Political Items Collectors is a non-profit membership organization, dedicated to promoting the collection, preservation and study of materials relating to political campaigns and the presidency.

Although the campaign button is the most recognized and widely collected of all campaign memorabilia, our members actively search for everything from street banners to vintage political ribbons, ferrotypes, glassware, autographs, textiles, canes and torches, posters, medals, pennants, tokens, postcards, novelties, sheet music, pamphlets, local campaign items, and photography. Almost anything that has the image or name of a candidate for any elective office.

The National Convention in Springfield, Illinois will include over 225 dealer tables of political and historical items being bought and sold. The show will be open to the public free of any admission fees on Saturday, July 21st from 9 am to 4 pm; and on Sunday, July 22nd from 10 am to 3 pm.

On Saturday and Sunday, members of the public can receive free appraisals of their political items and can have them auctioned, if they choose, during one of several sessions scheduled throughout the day, for a small commission fee. Watch as many of the nation's most avid political collectors try to out-bid each other for your items. So now is the time to search those attics, closets, trunks, and basements to find those political rarities and bring them to Springfield (on Saturday or Sunday July 21st-22nd) to be appraised and/or sold for the highest fair price possible.

For additional information on the APIC National Convention or on APIC membership, contact Bob Atwater at batwater27@hotmail.com or phone 309-251-6461. Information is also available on our website: WWW.APIC.US.

MAIN STREET ANTIQUE MALL CELEBRATES ONE YEAR ANNIVERSARY

The Main Street Antique Mall in historic, downtown Marinette is celebrating one year in business. We are excited to report that our first year of operations exceeded all of our expectations.

Our twenty antique dealers have done an amazing job of keeping the offerings at the mall fresh and interesting. With so many people adding merchandise each week, it keeps it very exciting for us. You can find everything from 18th Century pewter to mid-century Modern furniture and everything in between.

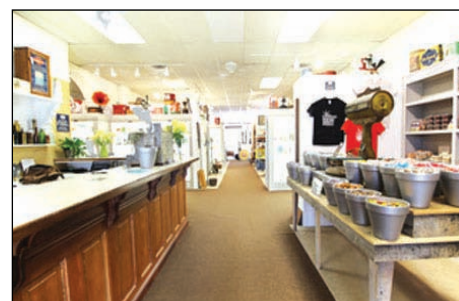

One of the most rewarding compliments we have received in the last year is one we hear often. Our customers will tell us that they want to bring their out-of-town guests to the mall because they want to show off what is happening in the area. That positive reinforcement never gets old, and we feel very fortunate to have the strong support of the community.

We are proud to participate in the community's local public art efforts, and we have set a goal to sell 250 metal trout this summer. The painted trout are currently being displayed all over the Marinette and Menominee area.

We look forward to participating in the Out and About event on Friday, July 19 and Saturday, July 20 along with forty other businesses in Marinette and Menominee. Please join us that weekend for special sales, giveaways and an opportunity to win a grand prize.

Main Street Antique Mall is open seven days a week this summer. Please come in and see for yourself!

FRIDAYS NIGHTS@HEARTHSTONE

A new way of touring Hearthstone has been introduced which allows guests to experience Hearthstone in a whole new way. Those visiting Hearthstone Historic House Museum on the second Friday of each month through September can join for an evening tour by the light of Edison bulbs in our original electroliers and experience the Rogers family and their servants preparing for a big dinner party. Docents in period dress serve as re-enactors as guests move from room to room to hear the Rogers family tell their thoughts on the night's festivities. Trained volunteers acting as cooks, maids, and other servants tell their stories as well - as Hearthstone was home to more than one family in more than one way. Evening tours recreate a fascinating environment and the feel of the first nights to be electrically lit in the house - some of the first

nights to be lit by electricity anywhere in the world. The evening tours also feature piano performances of 19th century music performed on one of the very few playable square grand pianos still in existence in the United States. Visitors step into a time when the piano was the focus of a home's entertainment, when gathering around while a family member played was the focus of family life. This music adds to the magic of the evening, with light refreshments

served. Hearthstone asks that guests please arrive a few minutes early to purchase tickets, or tickets may be purchased in advance by visiting the Hearthstone website. As a special note, because of the historic nature of Hearthstone, stairs are the only means of access to the second floor. The first floor and lower level are wheel chair accessible via an electric lift.

Dates: August 10, and September 14

Time: 7 PM-9 PM

Limited to 20 guests per evening

Cost: \$12 Adults/\$8/Children

To purchase tickets, visit www.hearthstonemuseum.org or phone 920-730-8204.

Eagle River Antique Show & Sale

Article by Joan Walter (Eagle River Rotary Club)

Come join us for the 58th annual Eagle River Antique Show and Sale! It will be held at the Eagle River Derby Track Exposition Hall, located on Hwy 45 north of Eagle River Friday, August 3rd, 9:00 AM to 5:00 PM and Saturday, August 4th, from 9:00 AM to 4:00 PM.

This antique show is sponsored by the Rotary Club of Eagle River. This show is the longest running antique show in the Northwood's and the ONLY antique show up North entirely benefiting a service club's community projects. All the proceeds from this show, including all the fees collected at the door, are used by the Rotary Club for their special community projects. The Club yearly sponsors two \$1000 scholarships for local graduating seniors, sends 2 girls annually to Badger Girls State, supports the local Cranberry Fest, Klondike Days and sponsors a "Warm the Children" winter project. The Rotary also holds a wine tasting event as another fund raiser in addition to the Antique Show and Sale.

Exhibitors for the show are professional antiques dealers from the Northern Wisconsin Antique Dealers Association along with select guest dealers. The Rotary Club and NWADA work very hard every year to provide a unique and quality antiques show that has become a successful, anticipated summer event. Top quality antique dealers from Wisconsin will be bringing their best antiques.....including many items they have saved special just for this show.

An excellent selection of antique furniture in a wide variety of woods and styles will be available. You can also expect to find fine antique and vintage costume jewelry; sterling silver flatware and hollowware; brass and copper; iron-stone; art pottery; elegant, depression & kitchen glassware; kitchen collectibles; decorative lodge-look items; sports items; decoys; art; children's toys & collectibles; vintage textiles; art glass; Military collectibles; and small primitives and country pieces at this show. There is something for everyone in every price range!

Also we are happy to announce that Mary Lou's Crystal Repair will again be joining us this year! You can bring your damaged crystal, china, porcelain or pottery with you to the show and have it repaired while you shop.

Mark your calendar now! Come out and help us celebrate our 58th year.....the Rotary Club is a wonderful community organization and is deserving of our support and appreciation! A lot of good things happen in Eagle River every year thanks to this fine organization, but none of this can happen without your public support.

The show also has free parking. For questions or additional information call (920)533-8731.
