## The History of the W. Nelson McCoy's Blue Bird Pottery

By Dewayne Imsand  
An Old "Blue Bird" Pot Shop

W. Nelson McCoy was born in 1820 in Harpers Ferry, Virginia, which is located in West Virginia. In January 1848, he and his wife Ester moved to Ohio's, Muskingum County, Springfield Township, in a community called Putnam. At that time, Putnam was a suburb of Zanesville, but in 1872, it became incorporated into Zanesville.

During the same year as W. Nelson and his wife arrived in Putnam, they had a son whose name was James W. Years later J.W. would go on to establish a well-known pottery, the "J.W. McCoy Pottery".

W. Nelson came to Putnam as a farmer. He acquired some land and built a house. In addition to farming, he also built a small, log building to produce stoneware during the warmer months. The pottery was a small, "Blue Bird" type shop, which was like the ones many of the farmers had at the time. It was primitive in its equipment, and the ware it produced was rough and unfinished. Although during that period, most of the home-owned, "Bluebird" shops operated under primitive conditions.

W. Nelson only produced pottery for a few years, not eight as previously believed. In January 1853, a notice was published in the "Zanesville Daily Courier" stating that a partnership that W. Nelson had with Jeremiah Elder was dissolved. The partnership was in a Putnam grocery store, named Elder & McCoy, which had been established at some uncertain prior time.

On the same date that W. Nelson ended his partnership with Elder, a second notice was published reporting that he had taken another partner, Norman Dodge, in the grocery business. Later W. Nelson bought out Elder, and the name of the grocery was changed to "McCoy & Dodge".

35Considering his job at the grocery, and the labor involved in farming, maintaining his household, supplying clay and firewood for his kiln, one would imagine that W. Nelson only had a small amount of time for actual pottery production. Surely, the volume he produced was small, and it was undoubtedly unmarked, since none that is attributable to him has been found.

Prior to 1853 a grocery store in Zanesville was owned by "James Benjamin & Co.". Sometime after 1858 W. Nelson acquired the major share in the "Benjamin & Co.", and the name of the store was then changed to "McCoy – Benjamin & Co.". Hugh McDonald was another owner besides McCoy and Benjamin.

In addition to the operation of the store itself, James Benjamin had other interests; he was a wholesale dealer in stoneware. The newspaper "Zanes Times Signal" carried an article in 1957 by Norris F. Schneider, who, quoting old sources, said that during the 1870's Benjamin was one of the three major stoneware wholesalers in the region. The other major stoneware wholesalers at the time were J.C. Gillespie, and Hudson C. Ward.

The crock shown is an example of Benjamin's wares. The inscription on it is stenciled in blue ink, and reads, "Jas. Benjamin Wholesale Stoneware Depot Zanesville, O".

W. Nelson is not known to have been associated with James Benjamin in the pottery business in Zanesville. However, he and Benjamin were associated in the pottery business located in Cincinnati. (See the article, "The History of the James Benjamin Potteries and his Connection with W. Nelson McCoy", which is contained on this Web site).

W. Nelson as a long-time, Zanesville businessman, became respected and popular. In 1881, he was elected the mayor of Zanesville, and in 1883, he was reelected. W. Nelson continued managing and working in his grocery and dry goods store until the early 1890's. He died in 1894.

## TLCI's new Online guide is Coming!

Members of Tea Leaf Club International are anxiously awaiting the launch of a new on-line informational site which will serve as a paperless handbook of all things Tea Leaf. Development of the site has been in process for many months, producing a comprehensive guide to help collectors identify and recognize the many body styles, motifs, potters, and characteristics of the popular decorated ironstone.

Target date for the launch of this exciting new source of information is March 1, 2016.

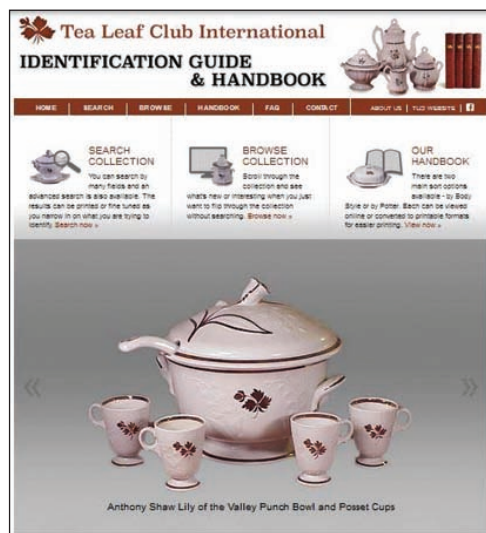

When available, one will be able to view many photos of representative pieces and learn more about the history and development of Tea Leaf through the years.

Cross-referencing will allow better access for comparisons. For example, calling up information on sugar bowls will bring up photos of many pieces in various body styles and by different potters. This will help in initial identification of a particular piece. Then, using the link from a photo, one can bring up more information on that style and potter.

The new site and its wealth of information will be available free of charge to non-members, too. TLCI members know that there are many people who may have Tea Leaf in their possession but have never known much about its age and history. We hope that visiting this site will stimulate interest, and encourage others to join us in our study and appreciation for Tea Leaf.

The Tea Leaf Club is dedicated to the study and collection of Tea Leaf Ironstone China and its Variants, produced in England and America from the mid-19th century through the early 1900s. The club boasts hundreds of members from almost every state in the union, as well as members from Canada. TLCI is made up of people who collect, study, love, and appreciate the simple beauty and endurance of Tea Leaf Ironstone China.

One of the goals of TLCI is to expand knowledge of the history and popularity of Tea Leaf ironstone throughout the years. The club welcomes new members and enthusiastically shares their appreciation for the sturdy, attractive pottery. Visit <http://www.tealeafclub.com> for more information about Tea Leaf Club International.
