Great Toys and so Much More at Garnavillo's December Auction

Article & photos by Garnavillo Auction Co.

Toys at Christmas time are always a big hit. There was no exception at Garnavillo Auction on December 15th, 2018 at their 509-lot auction. Joe Penner and his Duck Goo Goo, a 30's Marx windup toy, with the original box, waddled to a \$1,050 bid. Penner, a radio star back in the early 30's provided slapstick comedy with a catch phrase, "Wanna buy a duck?" The bidders responded with a yes on the day of the sale. An interesting side note, the voice of Goo Goo was provided by Mel Blanc. One of Blanc's later creations, Egghead, who would later become Elmer Fudd, was based on Penner.

Out & About

Tia has been busy with her lab work. Like any science project, it has its successful moments and its failures. It also has multiple hours of time spent.

She sometimes is just leaving the lab or going to the lab at 4:30am. Security has become her best friend, they check on her often and sometimes they stay and keep her company. She has also needed their help, as her car battery went bad and she needed some jump starts. She came home so Todd could fix it and test to make sure that there was nothing else draining her battery.

Brandon has been busy helping Todd snowblow. They have been like two bachelors at home, as I have been staying in Shawano due to the weather the past two weeks.

I only make it home for three days before the next snow storm rolls in. To finish the story of our weekend with Mekenzy. The first thing we notice coming into town going past the lake was all of these fancy trailers on the ice. They reminded us of the fancy ones used for the races, with chrome and windows. Either the tires are jacked up under or the trailer is lowered over them so the trailer sits on the ice. There were so many of them, it looked like a campground on ice. In fact, some had outdoor lights. They were fishing houses, that's what they call them.

People had brought those to stay in instead of the hotels. I wish I had gotten a picture but everytime we went by it was dark out. It was just mesmerizing.

Joe Penner and his Duck Goo Goo Toy Brings \$1,050 at Garnavillo Auction Company

Article & Photos by Garnavillo Auction Co.

Back to the show. A Milton Bradley 1920s flying machine in the box took off at \$225. A Tommy Ray Space Gun with box blasted a \$375 bid. A Steel Craft pressed steel NX130 toy airplane landed a \$450 bid while a Keystone pressed steel Airmail ride plane cruised to a \$425 bid. A set of three precision locomotives and tenders tracked a \$625 winning bid while a set of two precision locomotives with tenders chugged to a \$575 bid.

A Wooten-style burlled walnut desk with full tambour roll closed at \$1,550. The double-wide stacker bookcase from Globe-Wernicke shelved a \$850 closing bid. Single stacker bookcases realized bids of \$475 and \$400 respectfully. A large Victorian mantel piece framed a \$975 bid. Display cases showed strong interest with a wood angled table top with two shelves settling at \$575 and a table case bringing \$160.

Porcelain subway signs from the Staten Island NY Rapid Transit System directed bids of \$550, \$450 and \$225. A promotional poster for Fats Domino for a Cedar Rapids, Iowa performance danced to a \$550 sale.

Little Books brought big bids as did a series of art deco purses. Other bids of note: A Hamm's Beer 3-D calendar refreshed at \$140; A Jump-Spark Cigar Lighter lit a \$325 bid; A Victorian Urn with decorations brought \$525; A slag glass lamp with light-up base shined at \$300; an early 3-D zinc eagle with polychrome paint soared to \$600; a St. Drake bitter bottle brought \$200 while a Little Drummer's Boy Red Wing cookie jar held a \$250 bid. An early sled with battleship scene and swan's head slid to a \$325 sale while a LC Smith double-barrel shot gun fired to a \$775 bid.

The 2019 auction season kicked off with a spectacular variety of collectibles, including toys, advertising; antique furniture and more on January 26.

American Cut Glass Association

The American Cut Glass Association is devoted to the study and research of American Brilliant Cut Glass. The Brilliant Period lasted from approximately 1876 to around 1914. The Association offers a number of member benefits including a newsletter published 10 times a year, an annual convention, regional chapters, and Brilliant Weekends - special events held by ACGA chapters.

The ACGA's website homepage consists of some cut glass illustrations, a welcoming statement, bulletin board and navigation menu. This menu, serving as a site map, does an excellent job of directing first time visitors to the various sections on the website.

Divided into five columns, there is a column of features on the American Cut Glass Association, itself, including their history, organization, code of ethics, endowment fund and gifts & Acquisitions fund. another column offers segments on member benefits while a third column features information and photos of examples of Brilliant Cut Glass. The fourth and fifth column comprise information on the ACGA Store and contact information.

This is a very functional club website and serves the ACGA well.

American Breweriana Association

The American Breweriana Association was incorporated in 1980 as a non-profit historical and educational association organized to advance the public knowledge of brewing and brewery history, to serve collectors and historians, and dedicated to the preservation of the memories and artifacts of America's brewing industry. The ABA reached a major goal earlier this year with the dedication of National Brewery Museum in Potosi, Wisconsin in conjunction with their national convention in nearby Dubuque, Iowa.

The ABA website - www.americanbreweriana.org - presents a magazine approach to the look of the site. The homepage gives a center "pitch" on "Why Join ABA?" along with blocks on their American Breweriana Journal, the new National Brewery Museum and upcoming events.

Drop downs from the masthead provide important links to contact information, how to join, ABA chapters, ABA officers and board, Code of Ethics and events.

The ABA site appears to be equally informative for both their 3,000 members and other site visitors... including some who may well decide to become members. And, areas on the site seem to indicate there is much more to come regarding new site features.

Rare Ralston-Purina's Space Patrol Coin-Op Ride Soars to \$37,950 at Donley Fall Classic Auction

Article & Photos by Dana Wolf

When he stumbled upon Donley Auctions selling one, it must have felt like fate. Nothing could stop our determined buyer from getting the car as a tribute to his father. The room exploded into applause after the gentleman explained his story after winning the lot for \$16,500. He shared the wonderful story and ended with "[this] truly was my father's unicorn." There really is no bond like a family bond.

In addition to the Hupmobile, Donley Auctions had a few other interesting sales of the day including Lot #2169a, the Antique Automobile Tiedeman Trophy Plaque. This trophy is dated November 27, 1911, and was given by "The Tiedeman Trophy Cup Race" second prize. The cup was named after the then-mayor of Savannah, GA; George Tiedeman. The Tiedeman Trophy Cup Race was open to cars of less than 230 cubic inch displacement. Additionally, 1911 was the first year the Vanderbilt Cup Race was held outside of New York, which added to the hype. The race was run 2 days before the Vanderbilt Cup Race and only 6 cars competed. 2nd Place was awarded to Robert Evans, driving the #34 E-M-F 30 race car. The rare trophy sold

for \$6,900. Another highlight of the day included Lot #2212, a Western Electric 23-C W 618-B Input Transformers, which ended up selling for \$23,000. Lot #1167, the beautifully restored Royal coffee roaster, sold for \$4,830. The Formosa pedal rickshaw, Lot # 2155, has a stunning set up with newly reupholstered cushions and cover, and sold for \$1265.

A wonderfully rare Ralston-Purina Space Patrol coin operated ride for children, Lot #1180, drew quite the attention as well. The first and only of its kind, the ride was halted in production before they could even make them. This single prototype is the sole copy of the only coin operated ride to have a corporate sponsor, Ralston-Purina. It came with a whole lot of licensed items from DVDs to a rare children's helmet. This rare opportunity garnered much interest and ultimately sold for \$37,950 to a very excited buyer.

Donley Auctions is located at 8512 S. Union Rd. in Union, Illinois. We can be reached at 815-923-7000, by email: DonleyAuctions@outlook.com and be sure to visit our website: www.donleyauctions.com. "We don't just sell antiques, we build relationships."

Sanitary Vending Machine Co. Lion Peanut Machine, \$8,500.

Gabel's Automatic Entertainer Jukebox Rare, \$6,500.

Western Electric 555 Receiver Speaker, \$4,250.

Formosa Pedal Rickshaw, \$1,265.

Symphonion Upright Disc Music Box, \$5,750.

Royal Coffee Roaster made \$4,830.

Musical Box Society International

The Musical Box Society International is a non-profit organization dedicated to the enjoyment, study and preservation of all automatic musical instruments. From its modest beginning in 1949, MBSI now numbers several thousand members with representation in each of the 50 states and 19 other countries.

The MBSI website at www.mbsi.org is easy to navigate and understand. Visitors to the site will find a great deal of helpful information about automatic musical instruments. There is a large museum section showing various museums and repositories that have automatic musical instruments and a huge listing of manufacturers of these instruments. We particularly enjoyed the Photo Gallery. Twenty-five musical instruments are shown and by clicking on a button by each picture you can actually hear the automatic musical instrument playing. For members there is a large library for borrowing related books and also a MBSI Store. The Society's chapters are listed and an Events Calendar features the annual convention as well as chapter events.

The section on how to become a member is easy to understand and complete. Anyone visiting this site and spending some time here who has an interest in automatic musical instruments should end up at this section and join!

Tea Predates Coffee, but Exact Origin Unclear

By Shelby Weister

Tea is making a comeback in the United States. Its consumption has more than doubled since 1990, with Americans consuming about 50 billion cups a year. Just as having a cup of tea is more popular, so are teapots.

Long before people were drinking coffee, they were drinking tea, which originates in one of two legends. One is that a Chinese emperor enjoyed drinking hot water. One day some tree leaves fell into the water and he enjoyed the taste. That was the start of cultivating tea.

The other legend is that a Buddhist monk planned to meditate for nine years. By the fifth year, he was losing his focus and reached for some leaves and chewed them. The result was wakefulness, so he added eater and now we have tea.

Teapots come in a lot of sizes and are made from a variety of materials. Children's tea sets became popular in the Victorian era. By the 1930's a lot of glass companies were making tea sets in the Depression glass colors of pink, green and clear.

In the 1940's and '50's, tea sets changed from china or glass to tin and plastic. Then the 1960's saw the popularity of aluminum tea sets grow. In the 1970's there were more tea sets for children again with cartoon characters or Barbie images as decoration.

People have remained faithful to tea for centuries. Perhaps it's because tea has a number of properties that are good for you, for example, green tea has a cancer-fighting agent.

MYSTERY AT THE MUSEUM

FRIDAY, FEBRUARY 22, FROM 7:00 - 10:00 PM OR SATURDAY, MARCH 2,
FROM 7:00 - 10:00 PM

Mystery, Mayhem, Murder! Join us for a live game of "Who dun it?" in the unmatched surroundings of Hearthstone's beautiful interiors. Guests assume the persona of characters... think heiresses, playboys, millionaires, art dealers and authors (but some may not be what they appear to be!) in an Agatha Christie-type mystery to try to solve (or sometimes commit!) murder.

Guests will be sent identity packages via email at least two week prior to the event. Costumes are strongly encouraged (it's part of the fun!). All tickets include hors d'oeuvres, wine, and other beverages served by our docents in the roles of maids and butlers. One of our staff keeps everything on track towards a suspenseful conclusion. Prizes are awarded for best costumes and for guessing the identity of the killer (or could that be killers?). It's dinner and daggers (figuratively if not literally!) and danger surrounded by Hearthstone's beautifully restored rooms.

All proceeds support the work of Friends of Hearthstone, Inc., a 501 (c) 3 public charity, that lovingly restores the interior, exterior, and operations of our 1882 mansion and museum.

5000 Year Old Indian Artifact Resurfaces After Being Buried for a Second Time! The Copper Spud This Time Was Buried for 40 Years in a Spectacular Private Collection!

This collection is coming up in a not to be missed auction on March 9, 2019. Please watch this publication for ads.

3,000 to 5,000 year old Copper Spud.

As a small boy, my husband Burnell, began a life-long fascination with Indian lore and artifacts. He spent his early years living with his parents and grandparents in the old farmhouse on his grandfather's farm.

As soon as he could walk through the plowed fields, his grandpa would take him arrowhead hunting in the early spring soon after the snow melted.

The farm was atop a hill on the edge of a beautiful valley with a creek winding through the low land. The best area to hunt and unearth these ancient artifacts

was the cow's "night pasture" after it had been fall plowed. Many times they would almost fill an old cigar box with the treasured finds.

On trips to Rice Lake, WI, he would listen to true stores his maternal great-grandmother would share from her life. She was 100% Ojibwa.

As life evolved, he purchased a farm about a mile from the "home farm" and tilled the land there uncovering many ancient pieces including a slate gorgette, a small stone axe along with many arrowheads, spears and fossils.

After we were married, we enjoyed venturing to other

areas to hunt. Our friends Dr. Paul Hughes and his wife Virginia were frequent hunting partners.

"A BIRTHDAY GIFT FROM THE PAST" was originally published in the January 1979 edition of the Central States Archaeological Journal. Permission to reprint in its entirety was given by the author.

On April 14, 1978, my husband Burnell and I and friends Paul and Virginia Hughes of Whitewater, WI, celebrated my birthday with lunch followed by our first surface hunt of the year on a field along the Rock River that

we hoped we would find to have been fall plowed. However, on arriving at the field, we found soybean stubble rather than a

plowed surface. Although disappointed, we decided to hunt the field anyway, since it was such a nice spring day.

My husband suggested that I walk along a dry wash which followed the edge of the field towards the river. After proceeding down and around the wash, I walked

along the field where it bordered the river. Halfway to the end of the field, I saw what appeared to be a blue-green stone, but on picking it up, I realized it was a metal object. I called my husband and friends to see my find, which was identified as a copper spud.

Carefully wrapping it, we drove to the home of our friends, then soaked the spud in water to float away the dirt. We found it to be 2 inches deep and 2 inches wide. The spud has a fine hammered beveled edge on the inside at the bottom.

After arriving home, we visited Mr. and Mrs. Frank Squires of Burlington, WI to show them our find. Frank, a longtime friend and Indian artifact authority, advised us

of the upcoming archaeological meeting at Williams Bay and suggested that we show the copper piece. At the show the Badger State Archaeological Society awarded me a ribbon for Best Personal Find of 1978. The thrill of winning the ribbon was exceeded only by that which accompanied the finding of the copper artifact, my "birthday gift from the past."

Later, taking the spud to the archaeology experts at the Dixon Mounds in Illinois, they confirmed it to be 3,000 to 5,000 years BC! This was a once in a lifetime experience for me. I gave this spud to my husband to display in his beloved collection.

Another of the pictured items that are part of this extensive collection is a large frame of 169 mounted arrowheads under glass. One especially noteworthy point is a mahogany obsidian one.

There is a collection of 31 graded Indian game balls that range from largest to smallest on a specially made wooden display.

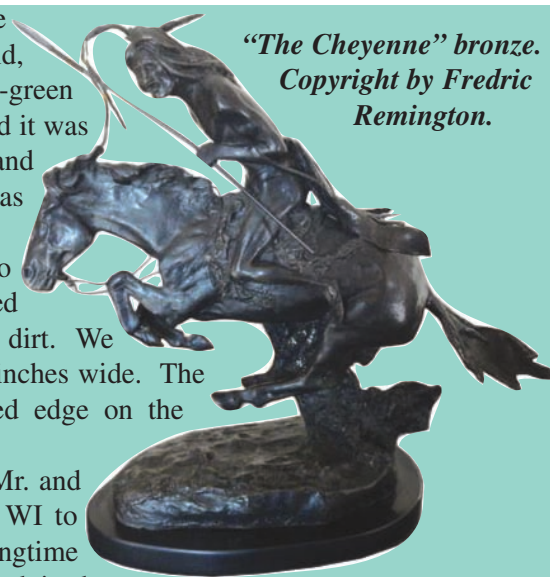

Burnell did purchase the majority of these more than 35 years ago from one individual and then added some to it. Displayed all together in one spot is very impressive.

One of the items Burnell particularly enjoyed is the "The Cheyenne", a bronze sculpture copyright by Fredric Remington. He purchased this piece back in 1978 and it has been on display in our home since.

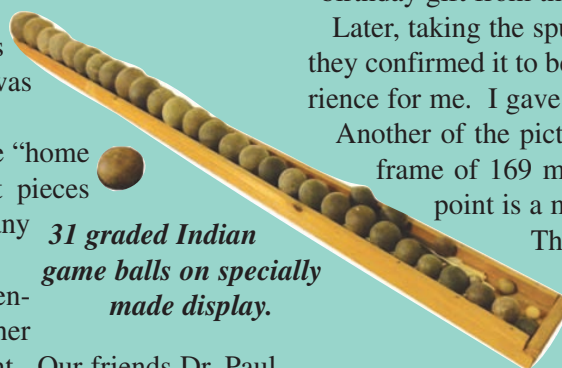

As the years progressed Burnell added to his collection wherever we traveled, whether it be out east or in the southwest. So, the collection that is coming up for auction has pieces from across our nation. Besides the items aforementioned, it includes beaded items, arrowheads and spear points made from chert, flint, maple jasper, agate, and obsidian and sugar quartz. There are wooden bows and arrows; various copper items; spears; needles; drift copper beaded bracelet; war club, etc. Many stone axes, some job specific ones such as an ice axe; pottery; an unusual Zing (wood and moss) Medicine man figural doll; glass trade beads; various fossils and natural stone formations; a large stone bowl w/pestle; Eskimo game pieces; knife; early small doll; knife; and more. Banded slate bird stone; gorgettes; original paintings which are Indian themed; photos of Indians; figural pipes; and many more Indian related are part of this huge collection amassed over 80 years and displayed proudly by my husband.

I hope that these special artifacts will bring as much pleasure to the purchasers as they did to us, through the years.

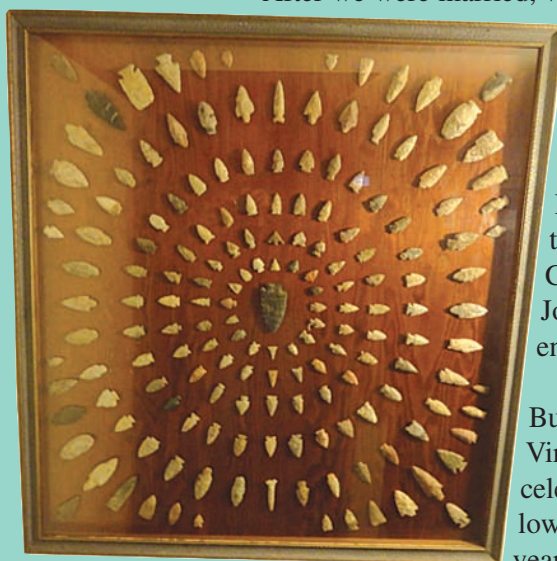

The auction is being conducted by Mike Murphy of A+ Auctions of Delavan, WI. He can be reached at 262-728-1844 and via his website: www.MurphyAuctions.com.

“Sheldon Peck: Footsteps Of His Life”

62nd Spring Fox Valley Antiques Show

March 9 & 10, 2019 ~ St. Charles, Illinois

Article & Photos by Debbie McArdle, CSADA & Lombard Historical Society

- Sheldon Peck, a celebrated folk art portrait painter.
- Radical abolitionist. oConductor on the underground railroad.
- Progressive temperance and public education advocate.
- A dozen+ original Peck oil paintings, 1825-1848!

Headlines too good to be true? Or fake news?

A first-time-**EVER** event is soon taking place at the Lombard Historical Society. Learn all about “Sheldon Peck: Footsteps of His Life” at the 62nd Spring Fox Valley Antiques Show March 9 & 10. Volunteers from the Lombard Historical Society and the St. Charles History Museum will be on hand to offer a sneak peek of their upcoming exhibition of **never-before-seen-nor-shared original** Sheldon Peck paintings; pieces held in private collections and in museums. Several copies of Peck's paintings, along with a number of Peck's personal family items, will be on exhibit at the Fox Valley Antiques Show. A documentary “Sheldon Peck, Portrait of an Ordinary Man in Extraordinary Times,” produced by Tim Frakes, will be aired during the show. Lombard's most famous son was not only a primitive portrait artist, but was also a radical abolitionist, progressive temperance and public education advocate and conductor on the underground railroad. The story is infused with a humanity that resonates today. Largely forgotten in the decades after his death in 1868, Sheldon Peck and his legacy have seen a revival and renewed appreciation that recognizes his talent, passion, courage and vision - how one man embraced the important issues of his day and was not afraid to speak out or get personally involved when and where he saw injustice.

69th Oregon, Illinois Annual Antique Show March 23rd & 24th, 2019

Article by **Kathe Wilson (Oregon Woman's Club)**

The Oregon Woman's Club wants to announce their 69th annual antique show, one of the premier antique shows in Northern Illinois. The Oregon Woman's club, as a member of the General Federation of Women's Clubs, sponsors this show as a major fund raising event and uses the proceeds to help fund various community projects and charities.

As in past years, the show will be held at the Blackhawk Center Sports Arena, located on the Oregon Public Schools' campus. The facility offers ample free parking, handicap accessibility, and a huge area for our 52 Midwest antique dealers from Illinois, Wisconsin, Michigan, Indiana, and Iowa to display their merchandise for sale. Quality antiques from the early 1800s through the mid-1900s, include all areas of collecting - furniture, glass, china, pottery, toys, primitives, textiles, jewelry, dolls, silver, decorator items, fine art, and more. There will be items for all collecting tastes and budgets, for both the new and advanced collector. We like to think of it as "Comfort Food for the Eyes."

The food concession will be provided by the Chana United Methodist Ladies. The menu includes a selection of sandwiches, chips, desserts, and beverages, so bring your appetite and enjoy lunch. Mary Lou's Crystal & China Repair from Joliet, IL, will be on hand both days to repair your damaged heirlooms "while you wait." On Sunday, from 10am-3pm, Hack's Auction & Realty Services of Pecatonica, IL, will offer verbal appraisals of your small treasures for \$5 per item. Please supply photos of larger items you would like appraised. If a written appraisal is needed, discuss the details with the appraisers.

This will be the third year for the Woman's Club to invite a local area not-for-profit organization to have a representative at the show. This will give the agency an opportunity to present their mission, activities, goals, and needs to the visiting public.

Show times are Saturday 9am to 5pm, and Sunday 10am to 4pm. Entry to the show is \$6 per person, which is good for both days. Door prizes will be awarded hourly throughout both days of the show. Location is the Blackhawk Center, 1101 West Jefferson Street, Oregon, IL 61061.

Mark your calendar for March 23 and 24, 2019, and make plans to enjoy the day or the weekend in beautiful Oregon, IL. For additional information visit www.oregonil.com or www.cityoforegon.org.
