Each year at the NSS Conventions the Photo Salon on Thursday nights is a high point. Now, the Photo Salon shown at last year's NSS Convention can be purchased and downloaded as a PC application and the DVD is available from the NSS bookstore. The 27 minute presentation has the Best of the NSS photography along with original music by Keith Goggin. The photographer's name and the photo's title are overlaid with each picture. **ALL money for digital downloads and DVDs go to supporting the NSS.**

The DVDs at the NSS Bookstore include photographer contact information included. For those wanting to purchase high resolution photos that you particularly like, you are encouraged to contact the photographer or NSS Office to arrange purchasing.

**The 2017 and 2018 Photo Salon DVDs** are also available at the NSS Bookstore at <https://members.caves.org/store/default.aspx> in the *Art, Literature and Music* icon. These DVDs are excellent for showing family and friends why we go caving ... and maybe they will better understand.
