## DISTRIBUTION LINES

Alpha solder paste, wire and bar solder, flux and cleaning chemistries, solder pre-forms and SMD adhesives

A SHAWCOR COMPANY

A complete source for heat shrink tubing products and heat shrinkable related technology

High precision tweezers, cutters and pliers for electronic, medical device and industrial manufacturing

Supplies engineered solutions for PCB depaneling, robotic soldering, hot bar soldering of flex circuits, pneumatic and servo assembly presses, robotic screw fastening and racks for PCB

Offers a wide range of workbenches and workstations for medical device, electronic assembly, industrial, technical work areas including height-adjustable, adaptable modular systems, moveable workstations, stand-alone benches, biological safety cabinets, and epoxy resin work surfaces and sinks

Offers customers a complete line of torque control products and other ergonomic assembly tools while providing world-class service and support

Offers custom shadow board and foam inlay design and manufacturing

Manufacturer of flux removers, canned air, solder mask, conformal coating, stencil wipes, solder braid and many other fine products

World leader in pneumatic and hydraulic hand tools for the electronic, industrial, plastic and medical markets

Offers a variety of stereo zoom, binocular microscopes, triocular microscopes and micro/macro zoom video inspection systems along with a full line of accessories to configure your systems

Offers a wide range of critically important ionization, grounding and specialty ESD

Manufacturer of soldering, desoldering and rework systems, advance package rework, benchtop fume-extraction and fluid dispensing systems

## DIRECT LINES

Specializing in producing ultra low humidity dry cabinet, digital dry box, auto dry box, file management, digital dry cabinet and baking dry cabinet with durable quality and competitive pricing

Global manufacturer and custom formulator of epoxy adhesives EPO-TEK offers a complete line of electrically conductive, thermally conductive, optically clear and photo-curable (UV) materials

Circuit Company

Manufacturer of complex high count multilayer printed circuit boards

Provides ESD safe automatic high throughput handling modules for PCB and PC production with a full range of handling and routing alternatives. Also provides laser marking systems (laser cell). Marks on all types of surfaces including plastics, ceramics and metals

Manufacturers of electronic pick and place machinery and high-precision processing machinery

Manufacturer of ergonomic chairs for office, production and cleanroom environments

PCB assembly, inspection and testing needs including box-building and assembly fixtures. Also offers related products such as wash baskets, fingers and nozzles

Selective soldering, reflow ovens, screen printers and wave soldering

develops and provides Inline Automated Optical Inspection (AOI) Systems for printed circuit board production line producing mother modules for various electrical devices today

X-ray systems that feature high power micro-focus x-ray sources up to 130kV, high resolution digital detectors, large inspection stages with 350° degrees rotation, oblique angle inspection, and all of the manual and automated s/w tools you expect in an advanced system are included. Offers a variety of stereo zoom, binocular microscopes, tri-nocular microscopes and micro/macro zoom video inspection systems along with a full line of accessories to configure your system

Cost effective, quality, reliable nitrogen generation systems engineered to meet customer's specific applications

A precision tooling company specializing in close tolerance tools used primarily by industrial and aerospace markets. and a leading provider of injection molds (plastic, silicone, and ceramic), as well as wire and cable processing equipment

Manufacturer of electroformed stencils, laser cut stencils, and chemically etched stencils for various solder paste and glue printing applications.
