

The newsletter this month is a different format then what you're used to seeing from the club. I'm helping Dayle out the next two issues so she can concentrate on the Carousel Cruise. The newsletter is designed for easy viewing on your cell phone or iPad. It may look narrow on your desktop, but hopefully it will be easy to read. Thank you to everyone that submitted photos and articles to me. There were so many good pictures, I apologize if I left any out. I didn't include all flyers for the month of August, just some that I had. Mark and Cheryl Scott are doing a great job of keeping us all informed on a weekly basis. 24 Kandi Schuff, Doug Herschbach  
28 Minty Schmid  
29 Don Erickson  
30 Ed Blair

---

Everyone enjoys the cookies  
after the monthly club  
meeting, it's also a fun time

for our members to stand around and visit after the meeting. Delia Wright is in charge of the sign up list (*thank you, Delia.*) If you sign up to bring cookies and aren't able to be at the meeting that

month ask another club member to trade months with you or contact Delia. Everybody is busy, please keep track of what you've signed up for. An easy way to remember, is signing up for your birthday or anniversary month (*just a suggestion.*) Some months it's kind of sparse at the back table because members forgot that they signed up for that month. Even though homemade cookies are good it's not necessary, store bought cookies are good too. Whatever works best for you, make it easy on yourself. If it's your month to bring cookies please bring at least two dozen. If you have questions or need to change your month contact Delia at 503.763.0526 or [email](#) her.

**Here is the list for the remainder of the year:**

**August**-Gene Schuff, Rich Wright, Judy Countermine

**September**- Ray Agen, Sharon Munz, Bev Woods, Greg Fisher

**October**-Sharon Palmer, Sally Moore, Kathy Schuette, Holly Parnell

**November**-Ann Sowerby, Bernadine Lindemann, Joyce Rubel, Laurie Winslow

**December**-Gene Schuff, Susan Baldwin, Judy Horne, Russ Strohmeyer

**We are in need of  
"NEW" items for  
the Silent Auction  
at the Carousel**

**Cruise. If you have anything to donate please bring it to the next club meeting, Tuesday, August 6. If you aren't able to be at the meeting contact Kathy Schuette, 503.**

**It's almost here**..... our **BIG SHOW** is almost here. Dayle Langley, Frank and Sharon Munz and their committees have been working tirelessly for months (actually almost a year,) to make sure that we have a successful car show. Let's all make sure to show up early on August 31 at the show to do our part. The gate opens at 7am and there will be a line up to get in at that time. **We need club members there at 6am.** Since the city may not have the park open at that time, enter by the Carousel on Front Street, park in our usual spot along the river. We need so much help setting up that morning, and tearing down after the show. It's a long (*but fun*) day for everyone. We have the best people in our club that always come together that day to help make our show the success it is. The festivities start the evening before at **First Lube Plus** in Salem. *See information below.....*

### Kruise of Klamath 2019

photos and article  
submitted by: Garry Pullen

The Kruise of Klamath was a great show this year with DJ Russ cranking out great music at the mini

shows Friday and at the big show on Saturday. I'd like to say it was uneventful yet that would be no fun. I went down on Thursday with a small group of Rollin' Oldies members with only 1 incident, see that hubcap photo? Well it came

off somewhere near Dexter Lake, and a search the next week turned up nothing. If you have one give me a call. Lots of interesting and beautiful vehicles, great people, and terrific weather. Friday morning I went to visit Co-workers in the area and on the way back developed an issue. The car wasn't running right and limped along at 35-40mph back to the hotel. I spent part of the day trying to find a mechanic who could at least listen to it and finally got one who basically said don't drive it home.

Later that night Russ supervised, while new member Pat Coffey pulled a valve cover off. We discovered a bent push rod and the rocker arm about 45 degrees off. A run to the parts store and some wrench twisting had it fixed and running good again. Thirty miles out of town climbing the first big hill it started up again. Another bent pushrod, but luckily we had an extra and 20 minutes later were on our way... for about 200 ft. We found a large pullout and called in a tow truck that got us halfway and had a trailer meet us to get the rest of the way home safe. The best part of breaking down is having friends willing to not only help you out but just pull out lawn chairs and wait with you. Thank you Russ, Margie, Pat, Michele, and Brandon for making what could have been a bad day an enjoyable experience.

## Garmin AT, Inc. Expo- June 27

Mark Scott and Dayle Langley represented WVSR at the Garmin AT, Inc. - Involvement Expo. We were invited by Greg Fisher, club member and Garmin AT, Inc. to have a table there. The purpose was to talk to folks about what our club does and why their employees would want to become members. Dayle and Mark made a few good

contacts at the expo. Mark Scott got to engage in a lot of garage talk. It was, a perfect outreach opportunity for the club. Our thanks to Greg Fisher for his hospitality and help setting up.

---

## Cruise For a Cure, Willamina -July 4

*photos submitted by: Vicki Champ, Soren and Laurie Winslow*

What a great representation we had that day, with twenty one vehicles. We had a fantastic potluck with the Rollin' Oldies joining us again this year.

Congratulations to Laren and Betty Srb who won the **Special Interest** award at the Willamina Show on the 4th with their 69' Torino GT that they've owned since it was new.

WVSR took home the Club Participation award. One lucky person's name will be drawn at the next club meeting to keep this beautiful, unique award. If you're not there we'll notify you.

**Photos taken at the Northwest Rod & Classic  
"Year of the Builder" Show, Riverview Park,  
Downtown Independence, July 5**

*photos submitted by: Paul Pfnister*

Congratulations to all of the winners at the show. Rich Wright (4th from right) won "Best of 1929 and Older Street Rods" with his 29' Model A Coupe. The Road Lords won Club Participation.

## **The 5th Annual North Salem JROTC Car Show**

*photos and article submitted by: Vicki Champ*

This is always such a fun show. We had so many club members there that

day to support the students in the North Salem High School JROTC program. Their mission is to motivate young people to be better citizens. We got to enjoy the Color Guard and Drill Team perform. All of the awards

were patriotic themed. Ron and Ann Sowerby won the Best of Show award. The award was so heavy it took two hands to hold it. Many other club members won awards as well.

## FOR SALE

(By Si Pifkins) *submitted by: Nick Hoosier*

\*\*\**This story was transcribed from Jesse W. James' handwritten pocket diary.*

One Ford car with piston rings,  
Two hind wheels and one front  
spring,  
Has no fenders, seat made of  
plank,  
Easy on gas, but she's hard to crank,  
Carburetor split half way through,

Engine missing, hits on two,  
Leaking oil, radius rods bent,  
Extra tire ain't worth a cent,  
Gasoline tank is leaking gas,  
Good windshield, but has no glass,  
Ten spokes twisted, wheels ain't plumb,  
Three old tires, inner tubes on the bum,  
Top is gone and the body is nude,  
Radiator busted, should be glued,  
Hind axle twisted in the differential gear,  
But the horn's got a honk both loud and clear,  
The transmission gear's got an awful squeak,  
But the steering wheel is hard to beat,  
Two spark plugs, Just bought new,  
Don't fire any better than the other two,  
Front lights burn when the weather's hot,  
Don't know if the tail light's working or not,  
She's full of carbon, break band's no good,  
Brand new fan belt, regular Ford hood,  
Three years old, four in the spring,

Got shock absorbers, but they're darn poor things,  
Starts in low and stops on high,  
Has to let other cars go by,  
By rights, the engine should be rebored,  
Then she'd be just as good as a brand new Ford,  
She's got the pep if you turn her loose,  
Burns gas, coal oil, or tobacco juice,  
You can buy her right, if you've got the tin,  
It's a helluva good Ford for the shape she's in.

---

## Springhill-North Albany Car Show

*photos and article submitted by: John Stanton*

I went to the Spring Hill-North Albany car show on the golf course, July 14. That's the first time I have gone to that one. It

was on a nice grass area with lots of shade. They had over 200 cars. The Blairs, Bill Watson and Garry Pullen were also there. They had food trucks and each car got a T shirt with their registration. It was a really nice show. I'll probably go again. I took my 34 and a couple other friends from the Albany and Lebanon area parked their 34 Fords next to mine. I totally enjoyed the day.....John

*photos and article submitted by: Rod Beach*  
Sandy and I attended two car shows and surprisingly won at both events.

Saturday, July 13 we went to the *Cruise for Life Show* in Hubbard at Bremmer's Corner.

We won best of 30's with our 38 Ford. Sunday, July 14 we went to the *Woodburn Senior Estates Car Show* and won Best Muscle Car with our 72 Chevelle. Needless to say we had an awesome weekend.

**Friendship Cruise** *photos submitted by Ken Parsons*

June 30th, Southern Oregon Car Club Council. 300 cars. The show is held each year at Joseph Lost Creek Lake about 70 miles east of Medford.

## Deuce Days at Victoria, B.C.:

*photos and article  
submitted by:  
John Stanton*

On Tuesday, July 16, Connie and I left Sublimity in my 32 Ford coupe. We were headed for Victoria B.C. for

the 2019 Deuce Days car show. There were about 1400 1951 and older cars registered. About half of them were 1932 Fords. We met with Jane and Tom Harris at Shelton, WA. Tom just got his newly constructed 40 Ford coupe. It is the green one in the picture. We also connected with Ken and Pam Marshall at the ferry dock in Port

Angeles. The Shetlers and Bazniaks were in Victoria as well. Former members, Ron and Sharon Hill also attended the show. We snooped around the area for a few days. Then the car stuff ramped up.

Lots of cool rods were cruising for several days. On Saturday, there was a poker run that started at a park just north of town. Many of pictures were taken there. There was a 1932 Ford from New Zealand. Note, the right hand drive car. The big show was on Sunday near the Parliament building and the Empress Hotel. The weather was perfect and there were many rods to see. Some of the pictures were taken at the show.

We fiddled around for another day, then took the ferry back to the USA on Tuesday. Tom and Jane peeled off at Olympia to go to Puyallup. The Marshalls had left a couple days before. It was a great trip.

**62nd Annual Pancake Breakfast and Old Car Show, held at the Amity City Park-hosted by the Amity Fire District:** *photos and article submitted by John Stanton*

Mark Scott and I drove over to the Amity breakfast Sunday, July 28. We had a great breakfast and lots of cool cars to see. We visited with friends in the nice shady park. I drove my Falcon and Mark drove his 55 Ford. It was a fun trip.....

---

**Rust-O-Rama 2019:** *photos submitted by Dayle Langley*

**Tom Newton Memorial Car Show-Celebrating 50 years of Quality Car Shows.....***photos and article submitted by: Vicki Champ. Sunday, July 28-* The breakfast in the park didn't disappoint again this year. It's always a hit with everyone. Lots of vendors across the foot bridge. I splurged and

ordered a personalized small stain glass mustang from the Glaslady's Stained Glass in Detroit.

We won club participation at the show. Don Rogers and Sam Pietzold both won an award for their beautiful cars. The award that is being presented to Russ will go to a lucky person, that was at the show at the club meeting on August 6.

---

## **Camp Attitude Oregon, Foster, OR.-July 31**

*photos and article submitted by Rod Beach*

We had approximately seventeen members go to Camp Attitude. About thirty total from the three clubs. The camp

staff fed us chicken enchiladas for dinner. The kids and parents really enjoyed the cars. The Camp Staff were very grateful that we came. To learn more about their program check out their [website](#).

## ClassicCarsForSale

**For Sale-1968  
Mercury** Cougar  
running project 302  
V8,  
AT, \$3,000. Call or  
text Garry Pullen,  
503.507.5333 for  
more details or  
photos.

**FOR SALE  
1952 Chevy  
Styleline Coupe**

I bought this car a little over five years ago to be my daily driver. She has not disappointed me.

When I first got her I drove down to Manhattan Beach, CA to see my sister and friends. It was pretty cool driving on PCH through Malibu and having guys in Ferrari's giving me high fives.

I then drove to Tucson to meet up with old buddies. She got over 20 mpg, well until I got to Arizona and ran 80-85 then it dropped considerably.

I made it back to Manhattan Beach, picked up my sister and took her to Redding, CA., then headed home. The only issue was the parking lights that ran off the daylight running lights circuit.

I'm ready for something else. She's a 1952 Chevy Styleline coupe, has a 1997 Camaro SS LT-1 with a 4L60E trans. A/C, PS, 4 wheel PDB, air bag rear

suspension, PW, power driver seat, shaved door handles with poppers. Frenched headlights, custom tail lights, de-chromed (for the most part), one piece windshield, am/fm/cd, auto antenna, digital dash and probably a couple things I'm forgetting. Asking \$25,000 and may consider trades for 67-72 K5 Blazer or K20 pick up. If interested please call, Ernie Lamoureux, 503.385.3521
