- At a league championship meet, the CIF-SS time verification card may be signed by the meet manager; it is not necessary for the meet referee to verify times or sign cards
- A relay leadoff time may be used to establish a CIF-SS qualifying time for the 50 or 100 yard freestyle (individual events)

## ESTABLISHING THE OFFICIAL TIME FOR CIF-SS QUALIFYING

- The official time to be used as the CIF-SS qualifying time:
  - (When automatic timing is used and operating properly) is the time registered by the swimmer on the touchpad
  - (When semi-automatic timing is used) is the time registered by the human-operated buttons
  - (When three manual watches are used) is the middle time registered on the watches; if two watches are identical, it is that time. If only two watches are operating, it is the average of the times after dropping the thousandths.
  - A swim-off time may be used for CIF qualifying
