

Children's Program Helpers Guide

It is important to encourage the use of the washroom, and to discuss sanctuary dos and don'ts (no gum, no child holding another on their lap, sing, pay attention, etc.) during this period.

Please do...

1. Sit in with the children.
2. Try to do the actions and sing along yourself and be the example.
3. Sit beside especially active children.
4. Rearrange the seating order if necessary.
5. Firmly and lovingly discipline:

The adult can help prevent unnecessary distractions by a kind hand on a shoulder or "Perhaps Suzy you can sit next to me." statement.

- a. If children talk during the singing or announcements.
- b. If they touch or strike each other.
- c. If they are not paying attention.
- d. If they act silly or show off.

6. Candy, toys, iPods, games etc. Should be put in a safe place where the child can see them or you will keep them in a safe container with you in the seat and tell them they can get it after meeting. Tell this will help prevent damage or being stolen. (valuable electronic games such as iPods should be labelled with the child's name) don't forget to return the item to the correct child.

Please do not...

1. Allow older children to babysit siblings 4 years old in the seat (they should have an adult relative with them).
2. Allow any child to hold another on their lap.
3. Allow any child to leave early without a parent or assigned escort.
4. Allow children on the sanctuary platform because of the expensive equipment.

ADULT WASHROOM HELP

A couple of mature adults preferably females to escort children to the washroom. The adult should escort the child to the washroom and prop the door open and wait and return with the child. If a group of children want to go tell them only one at a time will be permitted.

Thank you for being willing to volunteering your time.
We pray Gods richest blessings upon you for your willingness to help.
Jerry and Bonnie
