Mr. Hotchkiss noted that the numbers tend to be lower on state testing days. He added that new students continue to come in with the count as of 3/27 of 156 which includes about

6 who need to be withdrawn because they were no-shows. He continued to say the school is averaging one student walking in per day because we are the only school still taking students. At this point Mr. Lackey suggested that to be effective the new students should all be put into one concentrated subject they might be able to make a credit in by the end of the year to help them have some sense of achievement. Mr. Hotchkiss then added he anticipates we will lose some of these new walk in students but maybe we can get them to stick with us.

He concluded by commenting that the data will be ready by next board meeting.

The staff shall have an increase in pay of 3% with an additional increase of 3% for Educational Assistants salaries. Mr. Lackey at this point asked if it was possible to give the staff a 5% increase.
