

## **Cheshvan, 8th Month of the Hebrew Calendar**

1. The month of Manasseh (to forget, to leap, up and away) – Just like the meaning of Manasseh's name (Gen. 41:51), God blesses and heals us so we can forget the hardship and suffering of the natural and move into the destiny He has for us. We have to be careful in this month; activity that goes on that you need to ask the Lord how to maneuver through. Remember Jesus, "who for the joy set before him, endured...(Heb 12:2).
2. This is month of the Noah's flood (one year and 10 days). We will see the flood moving in our circumstances, until something is dealt with. Let's be sure to deal with issues.
3. A month reserved for the anointing – this can make it easy or hard. The anointing will break the yoke (Isaiah 10:27), but the oil within has to be pressed out. So rejoice even though circumstances may be very pressing. It's the pressing that causes the anointing to be released (James 1:2-5).
4. A month to deal with hardships, trials, and tribulations by receiving the anointing; let your pain transform you or metamorphasize you into God's plan. We are not exempt from bad times, but we can be transformed by the renewing of our minds, no matter what we go through (Rom 12:1-2). If we are of the world, all we can do is conform, like sons of Belial. We have power, the blood of Christ flowing through us so we can transform. You must want your soul to be purged. Notice the issues are similar.
5. The purging of the soul should occur this month.
6. Review the life of Moses so that you understand how anger stops your process (Moses was born in this month). Moses couldn't proceed.
7. The month of smell – the soul responds in this month in unusual ways. Smell affects soul, not the body. The fragrance of God can really permeate the soulish nature (2 Cor. 2:14-16).
8. Month to smell the awe of God (Isaiah 11:2,3,13) – the fragrance of the Holy Spirit begins to emanate.
9. A month of connecting your roots – we need to deal with root issues; this month is a time for deliverance.
10. You will begin to see colors – this month is violet (royalty, and purpose). Also, purple is the color of soul. We need to love God with all our soul.
11. The eternal flame of revelation moves you into a supernatural state.
12. The month of NUN – though confided by the boundaries of nature, light permeates into the end of things to produce a new sound for the beginning.
13. Without a new anointing this month, Satan gets an upper hand; this is the month to get your heel on the enemy's plan. Need to cry out for the anointing. 2 Cor 2 – thru forgiveness you can get victory over all the schemes of the devil.
14. Month of intestines – the month of fine digestion – the ability to dissect and assimilate things.
15. Month that you have to war with words; this should be the month you yell, "I am satisfied." This should push out the words that are dissatisfying. Words that are not spoken right, will go down into your innermost being. Lots of stomach trouble is caused because we receive (and speak) the wrong words.
16. The month of Scorpio, the snake of Eden. The enemy wants to produce some strategies around you to hinder you. So, this may be a time of struggle. But remember that Jesus trampled on the snake. We can/must do the same (Romans 16:20).
