Shevat, 11th Month of the Hebrew Calendar

- Month of Asher pleasure in Genesis 49:20 when Jacob blessed his sons, he said Asher would have a life of abundance of food and delicacies fit for a king. (This is what God wants for you) However, beware of delicacies (Proverbs 23:3) read the book of Daniel maybe you need to undertake a Daniel fast.
- A month to develop a plan to sustain the generations; whom do you mentor, how does your olive tree blossom?
- The Hebrew letter TSADDE ("tz" sound) your righteousness becomes your foundation. You connect with the trees in your field who is planted there? Are the trees ready to bear fruit?
- Look for those who are bringing pitchers of water to you many decisions will be made so you can be watered in a new way. (trust the Lord to bring you people who will minister to you)

 Study the story of Rebecca in Gen.24, (she brought water for Eliezer, which led to her marrying Isaac) and the Samaritan woman in John 4. (She came just for natural water but received water of life.)
- A month to shout "My blessings are on the way." There is a shout inside of you "My thirst will be quenched!" (see John 7:37-39)
- Month of the new year of trees. Choose to eat of the tree of life. See Gen. 3:22; note the 70 palm trees at Elim in Ex. 15:27. We are like a green olive tree in house of God (Ps. 52:8); we are the planting of the Lord (Is. 60:21 and 61:3).
- Good month to partake of food. You will end your Daniel fast and God will show you how to eat in a different way. Ask the Lord to help you in how/what you eat.
- Month of stomach and esophagus; in other words, what you are tasting produces the life or nourishment for your future. If you are in the word of God, then you can digest what God gives prophetically. Make sure to do extra reading of the word of God this month.
- Be sure to eat the word taste and see that the Lord is good (Ps 34:8) then will be able to digest new revelation that comes. If we don't know the goodness of the Lord, we will tend to miss revelation that He wants to give us.
