Description: AKC Litter# _____

Show/breeding prospect ‘ Pet quality ‘

Health Guarantee: We are working to preserve the best bloodlines available, and all of our puppies come from top winning show lines. We take great care in selecting our breeding stock, and we continually strive to eliminate faults and health defects from our line. Additionally, all of our puppies are given a thorough health exam by our veterinarian prior to shipping. Because of these factors, we rarely experience health problems with our puppies. Buyer shall be given a period of three business days to have dog examined by his/her own veterinarian. In the unlikely event that a health problem is discovered, and written diagnosis is supplied to us, dog may be returned to Darlynn along with AKC papers for exchange or refund of the purchase price. Darlynn shall not be responsible for veterinary fees incurred by buyer, and all returns shall be at buyer's expense.

Satisfaction guarantee: We want you to be happy with your Darlynn puppy. If the puppy does not meet with your satisfaction, he/she may be returned, at your own expense and in good condition along with AKC papers within two weeks for exchange or refund. There is a \$100.00 service fee for returns which will be subtracted from any refund amount. Shipping and handling, as well as health certificate fees are non-refundable. If veterinary care is required to rehabilitate a returned dog for any reason, all associated costs will be subtracted from any refund amount. If we choose to offer a replacement puppy instead of a refund, shipping and health certificate costs to receive the replacement puppy are the buyer's responsibility. There are no guarantees expressed or implied beyond the 2 week return period.

Vaccinations: Puppies are given their first puppy vaccination through Aurora Animal clinic and released in a healthy state. Maternal antibodies may interfere with early vaccinations. Therefore, follow up vaccinations should be administered by your veterinarian every 3-4 weeks until after 16 weeks of age. Failure to give vaccinations may result in a potentially fatal disease such as Parvo. Darlynn shall not be held responsible for health issues caused by infectious disease, hypoglycemia, malnutrition, accident, injury, or neglect.

Shipping (USA/Canada): We ship show/breeding prospects by Alaska Airlines and their Partners from Fairbanks, AK (FAI) to the nearest Airport Alaska Airlines and their Partners ship to (estimated USA shipping & handling charge: USA \$200.00 - \$450.00 + Crate & Health Certificate). Effective November 18, 2013: pet quality puppies must be viewed by the buyer, a family member, friend, or a USDA inspector prior to shipment. Freight must be prepaid or COD and will not be refunded should dog be returned. An airline approved shipping crate & accessories are required. Unless you prefer to send your own, we will purchase the crate & accessories for you for our cost of \$60.00 (includes Airline approved kennel, food/water dishes, crate pad or blanket, tube of Nutri-Stat or Nutri-Cal for young puppies & a toy). A veterinary exam and health certificate are necessary for shipping, and will cost an additional \$50.00. Puppies are normally shipped before 12 weeks of age.

If you require us to hold your puppy for you past 12 weeks of age, a \$25.00 per week boarding/grooming fee will apply. AKC papers will be supplied after full payment has been received. **Buyers agrees that the puppy's AKC registered name will begin with "Darlynn's"**. Please note that pet prospect puppies should not be used for breeding, and are therefore sold with AKC "Limited Registration" to remove the incentive for you to breed your dog. In the event that a pet prospect matures to be breeding/show quality, you may send documentation, pay the difference in price, and request for the registration to be changed to "full." Requests for a change in registration status will be considered on a case by case basis.
