IAPMO Meeting Thursday February 28, 2013

"Understanding Potential Water Heater Scald Hazards"

Jordan Krahenbuhl, Clark County Building Department, will talk on minimizing water heater scald hazards.

Mr. Krahenbuhl will focus on the misconception that the water heater thermostatic control is capable of delivering a consistent and safe water temperature without further temperature-control downstream of the water heater outlet.

This is a presentation you do not want to miss.

The lunch is \$20.00, non-members, company employees, guests are always invited.

Please RSVP to Bill Laub by Tuesday, February 26, 2013.

154 °F / 68 °C
Scald Injury - Immediate

149 °F / 65 °C
Scald Injury - 1 second
