*The Munns Family  
Welcomes You to Our  
20th Annual Production Sale!!!*

**Saturday, September 2<sup>nd</sup> 2017**  
**Preview 11:00 & Sale Time 1:00**  
**Madison County Fairgrounds**

*We hope you enjoy your day with us and are pleased with the stock we will offer. The sale will be held at the Madison County Fairgrounds in Rexburg, Idaho. The babies will be available to view about 11:00, at that time we will start the day off with a preview of the saddle horses as well. This preview is a great opportunity for potential buyers to see which horses really fit them best. Cattle will be available to show the rope and ranch horses on. We will take a few minutes following the preview to regroup and the sale will be held at 1:00 sharp.*

*In 1961 Keith Munns along with his father, purchased a Montana Ranch on Hebgon Lake. A year later he married his wife Ruth, and they started a family of their own. All of their life they have been involved in the livestock industry. Keith is an accomplished auctioneer. He sells the local livestock auctions, as well as handling various horse sales, estate sales, farm machinery auctions, etc. At one time they co-owned the Rexburg Livestock Auction along with Keith's brothers, and ran cattle of their own for a number of years. Although other avenues have supplemented their income from time to time, Keith's passion has always been his horses!!! Keith and Ruth have raised 2 children, and the family has been based around the horse world in one way or another from day one. They were involved in everything from chariot racing, ranching, team roping, calf roping, penning, barrel racing, and even ran a few horses on the flat track. It was pretty hard to be raised in the Munns Family and not catch the "horse fever".*

*Their son Jeff enjoyed chariot racing with his dad when he was young, and rode colts for a number of years. He also spent a few years riding cattle in a feedlot which really made some good horses. Jeff has 3 children, Kolton, Kassie, and Katie. He and his son Kolton have enjoyed many hours together team roping. They both work on the ranch with Keith, helping with the farming and the horses. They spend a lot of time handling the young horses and getting them broke to lead. Come sale day we all appreciate the effort that has put into making these babies gentle and good to handle. It sure makes things go smoother at the sale and gives the buyer's a head start. Both girls have completed their schooling in Twin Falls. We are proud of them for persevering and furthering their education. Kassie was married this summer and both girls have jobs and have settled in Twin Falls. Katie comes home every chance she gets and we always look forward to her help when she does.*

*Keith and Ruth's daughter Becky, followed in her dad's footsteps and loved the horses from day one. She married Dan Miller and they have 3 children; Breanna, Ty, and Charly. They are fortunate to share many common interests, all centered around the horses. They run a few cows of their own on a forest allotment in Spencer, ID so this year they took the range rider job out there and signing their geldings up for a "full time job". It has added to the hectic lifestyle they lead, but has worked out good as far as the horses are concerned. They both enjoy making a nice saddle horse, and the more cow work they can give one the better they like it. Breanna has spent her summer riding her rodeo horses and sale horses a like. She is starting into her junior year of high school rodeo and keeps us running from jackpot to jackpot! At a very young age Ty has made it clear that he prefers to help Grandpa or any willing neighbor with their farming. However, he and Charly both have spent a lot of the summer riding in Spencer too. Our little Charly is now 6, and she is out to prove that she is just as big as Ty. She loves the horses as much as any of us and has rode several of the geldings that are in the sale while working with us on the forest. She is turning into quite the little cowgirl!*

*Keith and Ruth have dedicated 50 years to consistently breeding versatile using horses, sound of foot and mind, with conformation, eye appeal, and color as a bonus. Keith has always felt that a high quality broodmare band is a critical part of any breeding program. He strives to maintain a fancy set of mares that will enhance the qualities he is trying to produce in a foal. Each year Keith keeps a few replacement fillies that he feels will better the program. His Driftwood bred mares have proven to really cross well with several of the Hancock bred stallions we are currently using. We are really excited about our current stallion power. Find more detailed information on each stallion through the next few pages, and even more stallion pictures on our website at [threebarquarterhorses.com](http://threebarquarterhorses.com). We even have a New Addition to introduce.*

*We feel strongly that a production sale must be well represented. We stand behind our horses and enjoy the friendships established while doing so. It is important to us that people can buy at our sale with confidence. We recognize that every horse will not fit every person, but we are committed to helping you find the right horse for you... the one that will fit your needs and lifestyle. We are bringing a set of horses to town that we feel have the capabilities necessary to create happy customers. This year there are nearly 20 head of riding horses in the sale. They range from well started geldings to solid ranch horses that will fit the whole family, and kid horses alike. There will be a good variety... something for everyone! Come visit with us and we will help you decide which horses fit you best! Most geldings have extensive videos which should help potential buyers as well.*

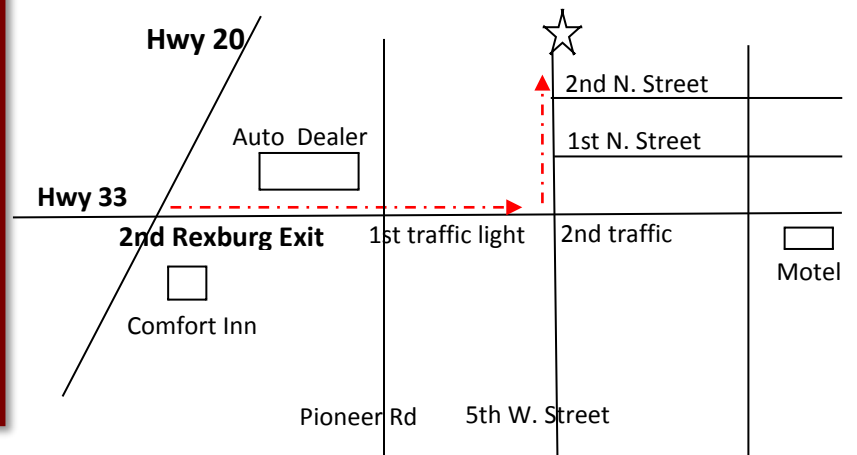

*We are pleased to have a few of Shiner's horses in the sale again this year. They have a nice son of Paddy's Irish Whiskey that has been doing a great job for them. They have brought a few of his colts as well as several nice saddle horses. We are happy to be doing business with the Shiner family. They are honest, trustworthy people, and good horsemen. We are sure you will find the same in dealing with them.*

*We are looking forward to a fun day full of good horses, good people, and good old fashioned western atmosphere!! Come spend Labor Day Weekend with us!!*

Phone bids are accepted. Please contact us and register ahead of time.  
 We will take your phone number and call you just prior to the horses you are interested in sells.

We are excited to introduce One Famous Frenchman to our program. We are kinda shaking things up a bit and decided to add some modern day performance breeding to our traditional "older type" horses. We are looking forward to what a little running blood added to our working horses might do for us. We are excited about the possibilities and feel that we might compliment both types of horses with the combination. One Famous Frenchman is a 2009 model and had never been bred until we purchased him early in the spring of 2017. We have bred 10 or 12 of our own mares and a handful of outside mares as well this year. So we are eager to see what the 2018 foaling season will bring. He is a big pretty individual with good muscling and as keen a head as you will ever find on a Dash Ta Fame bred horse. He is a very unique color too... An ever changing golden buckskin to nearly black at times. He has a big full mane and tail and an overall striking presence. One Famous Frenchman was in training with Kelly Conrado to futurity and was injured as a 4 year old. That changed the course of his career as he had to have a year off. When he healed they started heading steers on him and made the decision to pursue that direction. He is the makings of a wicked head horse!! He can flat run, and has a lot of cow too. As good of mannered stallion as I have ever been around. When we are riding him he is all business. Just the way we like one to be!! An own son of Frenchmans Guy and out of a daughter of Dash Ta Fame.

One Famous Frenchman will also stand to the public for the 2018 Breeding Season. 1000.00 LFG

He is the only stallion we will be hand breeding. He will most likely be standing at the Outback Stallion Station early in the season where we will ship semen as well as Live Cover. However, he will return home the first part of May so we can use him on our own mares as well.

## High Roan Mist

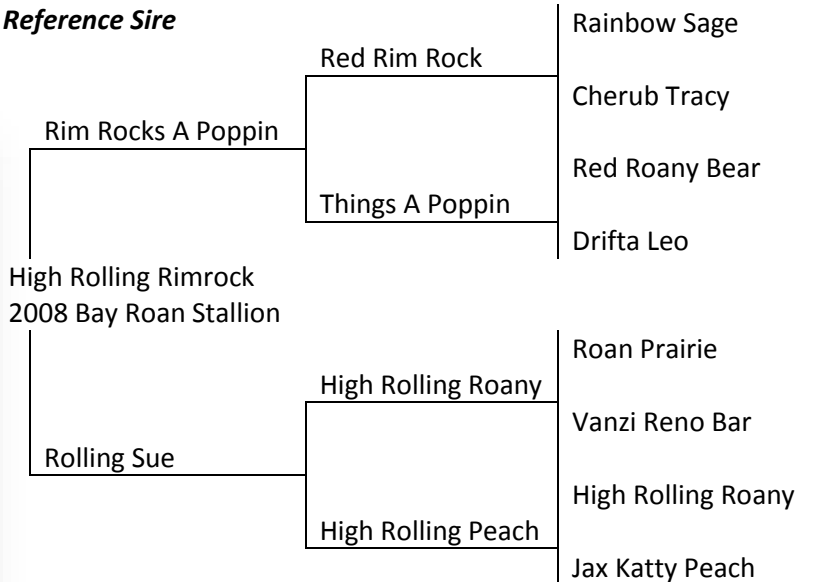

*Munns Reference Sire*

*High Roan Mist* stands a strong 16.1 and will weigh 1400 lbs. Good withers, deep girthed, sturdy bone and foot. He is by a double bred *High Rolling Roany* stallion and out of a mare that goes back to *High Rolling Roany* as well. They are noted for being rugged, tough, old style type horses that make sturdy ranch horses. Lots of bone, foot, and size. The kind that stay sound and stay tough late into life. Many have went to the arena as well as making a reputation as phenomenal ranch horses. They are making rope horses, pickup horses, and just good all-around using horses.

## High Rolling Rimrock

*Munns Reference Sire*

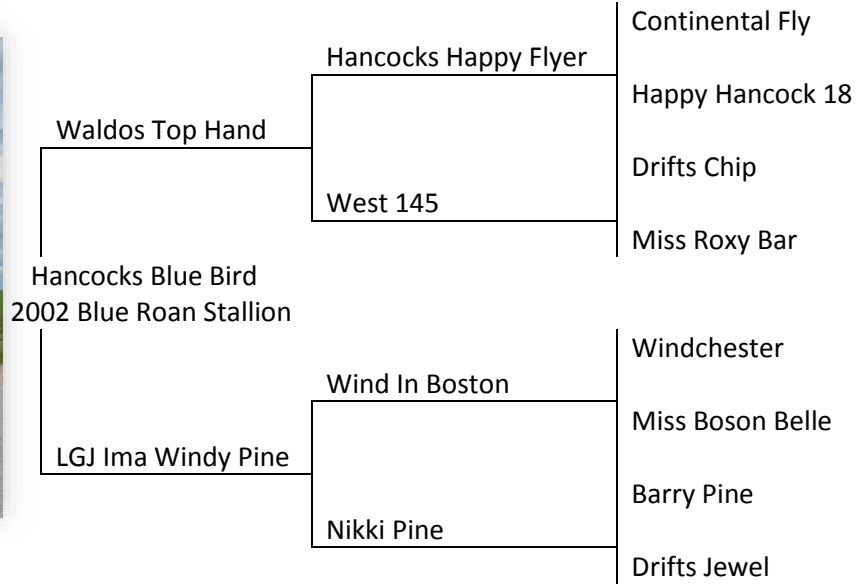

*Rimrock* is an extremely gentle stallion with a kind disposition. Kolton started him as a 2 year old and he has been problem free right from the start. The nice minded kind that will ride off with no fuss, regardless of the time of year and go do about any job. Dan has branded on him and heeled on him a little too. He is very cowy, intelligent, and really willing with a big stop. We like his conformation as well. He is a nice headed horse with a good hip, dark solid feet, and he is well balanced. Out of a double bred *High Rolling Roany* daughter. We are looking forward to his future, and feel that he could have a big impact on our horse program. We have rode some of his offspring for a couple years now and are finding that same ability and trainable dispositions in them. Breanna has a young *Rimrock* mare that will go in the rodeo string next year and is going to be phenomenal.

# Hancocks Blue Bird

*Munns Reference Sire*

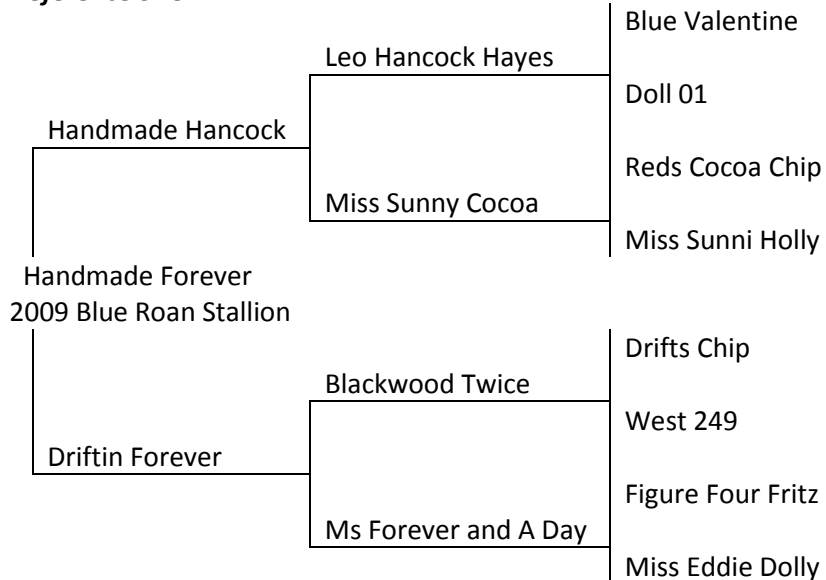

Becky started *Blue Bird* as a two year old and loved him right from the beginning. He has an unbelievable disposition. Very kind and gentle. If you go out in his set of mares he is the first to look you up and want some attention. We have used him as a saddle horse during breeding season and he rides off like an old gelding that never had a day off. We have rode quite a few of his colts and they are gentle natured just like their daddy. His colts all have a lot of eye appeal and are up on legs good. They are favorites of the general public because of how user friendly they are.

*Blue Bird* is a big horse. A strong 16 hands, with a big heavy bone structure under him. He has that old foundation that we are trying to breed back into today's horses. They are the kind that stay sound and hold up under hard use.

# Handmade Forever

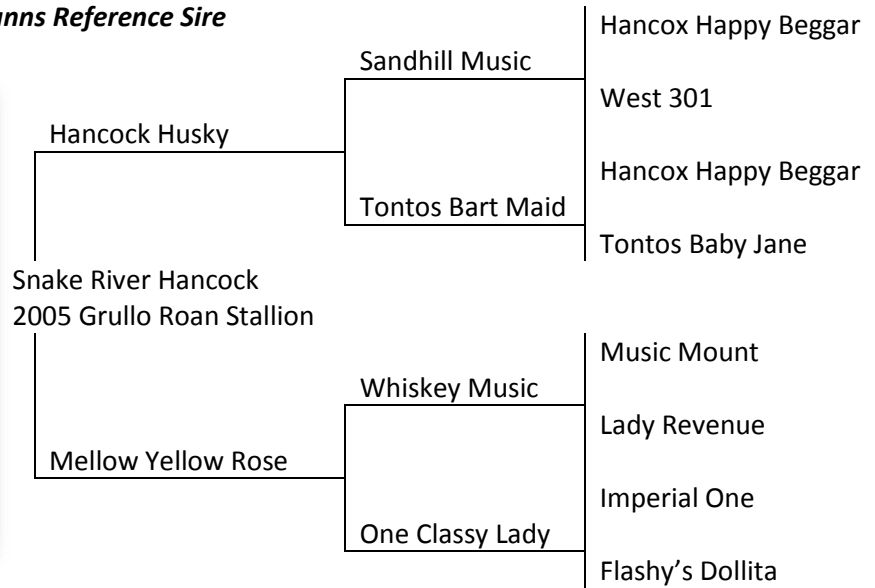

*Munns Reference Sire*

*Handmade Forever* is a horse we raised. True blue roan and a very pretty made stallion. He stands 15.3 and will weigh a strong 1300#. He is heavy boned with a good foot, deep girth, plenty of shape, and an extremely keen head for such a sturdy made horse. He is an exceptional traveler and pleasant to use on the ranch. Lots of natural cow and a good work ethic too. This is our 4th foal crop by Handmade Forever and there is a lot of consistency in what he is producing. They are nearly all dark footed, sturdy made colts with good heads, and most of them are roan. We are riding several of his colts and have one nice 3 year old gelding in the sale this year. They are being level headed, athletic, and are real good travelers. So far we are very happy with them.

## Snake River Hancock

*Munns Reference Sire*

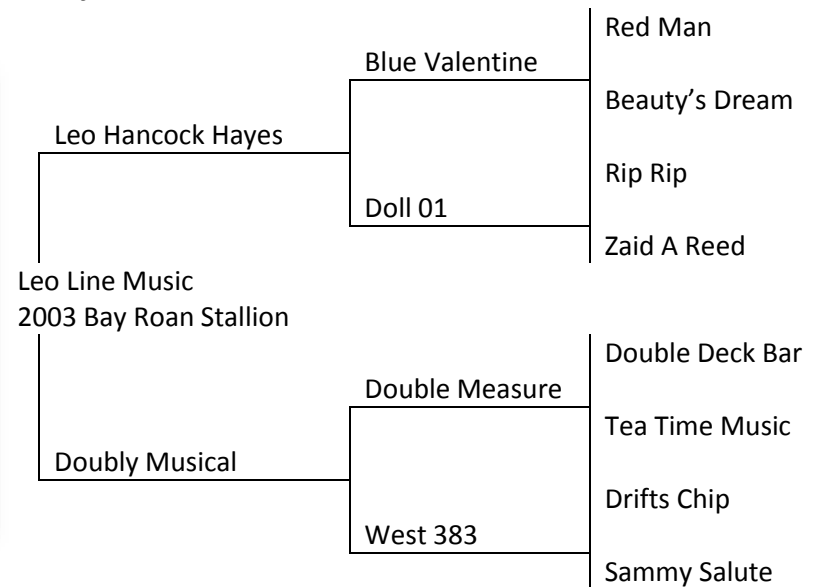

*Snake River Hancock* is a half brother to our senior sire, *Grullo Driftwood*. They are both out of *Mellow Yellow Rose*, one of the great conformation mares of all time. She was an outstanding producer and a granddaughter of *Music Mount*. She has put her look on nearly all of her foals and certainly "prettied up" several of these old foundation bloodlines.

This horse has a very kind disposition. We rode him a little as a 2 and 3 year old and he was always gentle and kind. He is a good traveler, cowy, and is very willing and trainable. He has a lot of bone and foot under him and should hold up under heavy ranch use and stay sound. Big pretty hip, deep girth, and heavy chest.

## Leo Line Music

*Munns Reference Sire*

*Leo* is a new stallion to our breeding program. We had just a couple colts last year by him and 8 or 10 this year. They have good conformation, substantial bone and foot, and are impressing us in a lot of ways.

*Leo* is an own son of *Leo Hancock Hayes*, who was one of the last producing sons of *Blue Valentine*. He is a big framed horse with a lot of bone and foot. *Leo* also has an exceptionally keen head for such a heavy boned kind of stallion.

“Mega Chip” is a fancy brown gelding. Super willing, gentle, and kind. Good broke to ride and has spent all summer on the forest allotment. He has kind of been everyone’s favorite... even Ty and Charly have ridden him some. He willingly goes anywhere they ask. He has branded calves and doctored outside some. He just fits about anybody. Good traveler, and honest every day. Rides one handed in about any bridle you want to use. Gentle to be around, shoe, hobble, stand tied quiet, bath, etc. Just over all polite and well mannered. Mega Chips is out of a superior mare that raises a great colt every year. "Keno" is a true blue roan gelding. Just a 4 year old but as gentle as he can be. Stands just barely under 15 hands. Smaller for a kid or older person to get on and off. But plenty of bone and strong enough for a real job as well. He has been used on the forest allotment. Very easy to get along with, willingly goes where you ask and doesn't really care what speed you want to go. He can walk out and travel good or he is content to slow up and see the scenery. The kind that will fit a big variety of riders. A smart gelding that is happy to try new things. He has roped the hot heels and doctored a few calves on the forest. Riding one handed. "Brandy" is a good broke, gentle palomino mare. She is as solid and honest as they come to rope on. She has branded lots of calves and been used outside. But she is a solid rope horse in the arena too. Head or heel either one... but heeling is her specialty. She would be outstanding to teach a kid to rope or be a top notch High School Rodeo horse. She has competed on the heel side at the Idaho State Finals several years and always done her part. She gives you the same throw every time and is easy to ride with no box issues. Charly warms her up for us when we rope. She is absolutely kind to be around and ride both. Polite to shoe, bath, load, stand tied, catch, etc. Acts just like a gelding to use... no "mare issues" whatsoever. Golden palomino with some chrome. Pretty flashy mare. Big sturdy made 5 year old that dad raised. He is gentle and big hearted. They have doctored cattle on the forest and branded calves on him this spring. Stands 15.3 and weigh 1300#, good bone too. "Drifter" is an outstanding horse to ride in the mountains. He is tough and travels out real free walking or trotting either one. Can cover a lot of ground in a day without you doing all the peddling. Crosses the places that are sketchy and tries to be smart about his footing at all times. We have never had him offer to buck or be silly. Yet he is a "bigger motored" horse that a cowboy can enjoy. Polite and great to be around on the ground. Questions call 208-221-1090
