The Christmas Parade is a mobile festival of lights moving through downtown Jasper. Since it takes place after dark, the safety of the parade's audience and participants is extremely important. Carefully read the rules below as each one must be followed, no exceptions.

**Float Rules**

1. All floats/vehicles in parade must display Christmas lights.
2. Vehicle headlights must be turned off (or covered) during the parade.
3. Vehicles/floats must maintain a safe rate of speed not to exceed 5 mph.
4. You may not throw anything (i.e. candy or any other items) from your parade float.

**Participant Rules**

1. Your float may have WALKERS (people walking alongside your float). Walkers may toss candy/items to the parade audience.
2. Walkers must carry flashlights that are *turned on* during parade.
3. Children 12 years or younger must be on the float – not walking alongside.
4. At least two adults must be on any float with children 12 and under on board.

*Please do not include "live" Santas in your parade entries. We'll be featuring the Real Santa!* 😊

**Parade Route:**

Beginning at the corner of Main and Milam, proceeding straight down Main, then take a right onto Lamar, then left onto Bowie. Continue down Bowie until you come to Houston, then take a left onto Houston, and then a left back onto Main (going North), a right onto Lamar (in front of Courthouse), a right onto Austin, then a left back onto Houston. Disband near First National Bank.

***The parade will begin around 5:30 p.m. (when it is dark) so all entries need to be in line no later than 5:00 p.m. to be judged.***

**Please Sign:** *I have read and understand the entire registration form and agree to comply with the rules and guidelines of this parade. By signing I agree to follow and enforce them and any parade encompassing rules that may be enforced by officials of the City of Jasper or Jasper Chamber of Commerce Staff and their representatives.*
