Please tell us what you were most satisfied with in this lecture series.

The excellent attention given to each student.

The lecturer, the small class size, the input into lecture content, the length of each lecture was just enough - not too much and not too little.

I have taken a number of Spanish workshops in the past but feel Ioana is one of the best teachers I have had. She starts from a practical perspective and teaches students what they NEED to know to function in Spanish. Most lecturers start at the grammar, but she begins with expression. She was always prepared and always enthusiastic. I was very impressed with this lecturer.

Excellent lecturer.

I learnt a lot of Spanish. Vocabulary and grammar as well as how to speak Spanish in different situations.

A chance to practice speaking Spanish with a very pleasant and knowledgeable teacher and with other "students" of my age.

It was very well organized, the lecturer was extremely patient and the material was very appropriate to the expectations of the students.

Please tell us what you were least satisfied with in this lecture series.

By trial and error, we felt we would benefit from more group dialogue and the benefit of reinforcing at home what was learned.

I can't think of anything.

I was totally satisfied. Please continue to offer Spanish through this program. I will definitely sign up for further workshops.

Hoping there will be a level 3 in the Spring.

Nothing.

I would have liked the workshop to continue longer with more material, vocabulary, and grammar.

Can't think of anything.

Reward this lecturer. She is exceptional!

Ioana is an excellent teacher and her workshops are well planned and thought out. She also allowed us to have input into what was taught and was flexible to change the content if the classes at our request.

I hope that there will be more Spanish workshops. I would like to continue until I become fluent in Spanish. I really enjoyed the small group format, with other retired people. The teacher was excellent at adapting to our older group.
